Kristiansand **THE BEST OF KRISTIANSAND**

In a nutshell

A complete tour to discover the most significant sights of Kristiansand, the fifth largest city in Norway located on the southern coast: from the open-air folk museum of Vest Agder and the oldest part of the city centre featuring a cathedral, market and high street to the Christiansholm fortress and the modern Kilden theatre. A perfect occasion to get to know this marvellous city and its most charming corners in an exceptional combination of ancient and modern features.

Main stops

- Vest Agder open-air folk museum
- Posebyen, the oldest part of the city, and Kvadraturen
- Kristiansand Cathedral
- Torvet market
- Walk along the Markens Gate high street
- Christiansholm fortress with views over the port and sea
- Stop at the local fish market

The programme

- We start our tour of Kristiansand on a coach headed to the **Vest Agder open-air folk museum** inaugurated in 1903 and located approximately 4 km from the city centre. Here, we have the opportunity to go on a journey through the history of the region among ancient wooden houses, farms and perfectly recreated scenes of everyday life. The museum, in fact, displays 30 buildings rebuilt in the Colonial style and is divided into sections reproducing the various districts of the city.
- After visiting the museum, we get back on the coach for a **panoramic tour of the suburbs** and finally the **city centre**.
- Kristiansand, with approximately 117.000 inhabitants, is the fifth largest city in Norway and was founded in 1641 by Christian IV. Located on the southern coast, it is considered the Norwegian holiday destination par excellence: it is in fact one of the Norwegians' favourite holiday destinations thanks to its picturesque coast and is also a major access road to the villages along the southern coast and the inland Setesdal area.
- We get off the coach in **Posebyen**, the **oldest part of the city** made up of characteristic right-angle alleyways forming the so-called **Kvadraturen**, i.e. **Quadrilateral** and low wooden houses. The name **Posebyen** derives from the French **Reposer** meaning to rest: at the time, in fact, French was the language used by the soldiers who used to live there. The district has preserved its characteristic Renaissance square layout.
- We continue discovering the centre on foot and stop at the **Kristiansand Cathedral** for a guided tour. The cathedral is an imposing building in the **Gothic style** built in 1880 and is the city's main place of worship.
- Our next stop is the busy **Torvet fruit and vegetable market** with local producers also selling flowers, plants and honey.
- We continue discovering the city with a stroll along **Markens Gate**, the city's **high street** where we can find shops of all kinds.
- We then reach the beach and **Christiansholm fortress**, erected between 1662 and 1672 to protect the coast against the pirates and the attacks from the Swedish. The building, which is stocky and

OCEAN CRUISES

circular, is made up of a closed bastion with 8 sealed bronze cannons. The top offers **spectacular views overlooking the port and the sea.**

- After the fortress, another interesting stop awaits us: the **local fish market** with its lively **restaurants**, pleasant canals and countless **stalls** where we can also witness how salmon is smoked.
- Before returning to the ship, we **drive past the Kilden theatre and concert hall**, the city's new architectural symbol and an ultramodern example of design and technology that can seat up to 2,600 people.
- There is limited availability of Italian speaking guides; if none are available, the excursion will be conducted in English.

THE HISTORY AND MYSTICISM OF ROUEN

In a nutshell

An excursion on the theme of art, history and mysticism: Rouen, the pearl of Normandy, is not called a "Museum City" for nothing. It amazes visitors with its architecture spanning the centuries from Medieval to Gothic in a mysterious and mystical atmosphere. It's also famous for Joan of Arc, the great French heroine who seems to come back to life at every corner.

Main stops

- Rouen: the old town
- Rue Saint Romain and the church of Saint Maclou
- Rue du Gros Horloge and the courthouse
- Rouen Cathedral and its two towers, Tour Saint Romain and Tour de Beurre
- Place du Vieux Marché

The programme

Our excursion will take us on a complete visit to the city of **Rouen**, situated on the northern banks of the Seine and considered to be the historic capital of Normandy as well as a source of inspiration for many writers and painters. The guide leads us on a walk along the narrow streets of the **old town** with over seven hundred houses, large and small, built in typical style from wood and timber, characteristic examples of medieval architectural techniques.

- We will then stroll along **Rue Saint-Romain**, one of the most beautiful streets in the city with the magnificent **church of Saint Maclou**, an exceptional example of flamboyant Gothic architecture.
- We will continue along the lively and highly populated **Rue du Gros Horloge** with its exceptional defensive clock tower and admire the adjacent **courthouse**, housed in a magnificent Renaissance

OCEAN CRUISES

building.

- We then visit **Rouen Cathedral** (13th-16th century.), considered to be one of the greatest examples of French Gothic art. What is most attractive about the cathedral is its variety: the immense façade, bristling with fretworked pinnacles, rises up between two completely different **towers**, the **Tour Saint Romain** on the left and the **Tour de Beurre** on the right.
- Before enjoying our free time, perhaps indulging in some shopping, we will stop at the **Place du Vieux Marché**, the old market square where **Joan of Arc** was burnt alive as a heretic in 1431.

In a nutshell

A tour of rare beauty that takes in nature and art, from the majestic rocks of the Normandy coast painted by the great impressionist artists, to the traditional techniques of the distilleries and cellars where we sample the famous Bénédictine liqueur.

Main stops

- Étretat: rocks, cliffs and town centre, medieval church and market square
- Fécamp: Benedictine palace, distillery and cellars, with tasting session

The programme

- The first stage of our tour is the small town of **Étretat**, located by the sea and famous for having inspired the works of two great impressionist painters: Claude Monet and Eugène Isabey. The town has always enjoyed an excellent reputation, thanks in part to its position which today makes Étretat a famous tourist resort.
- Before exploring the town we will admire the majesty of the **high cliffs** and the various forms of the **rocks** on which the waves break: an unforgettable spectacle at any time of year, immortalised in

the famous paintings of Monet and Isabey and a source of inspiration for numerous writers, artists and directors.

- We will then visit the **town centre** with its elegant wooden houses, **medieval church** and enchanting **market square** brought to life by delightful little shops and wooden architecture.
- Leaving Étretat we travel along the coast towards **Fécamp** where we visit the 19th century **Benedictine palace** inspired by Gothic and Renaissance styles. Although it has the appearance of a palace, in reality it is home to a distillery producing the famous Bénédictine liqueur. The building also hosts an original collection from the famous Fécamp abbey: alongside sculptures, monastic charters and books from the monks' library we can see documents and utensils connected to the production of the liqueur.
- We will then visit **the distillery and cellars** overflowing with oak barrels, while in a dedicated room an exhibition of the 27 herbs and spices used to distil the Bénédictine liqueur awaits.
- Our tour will end with a **tasting session** on site and an opportunity to visit the gift shop.
- The excursion is reserved for guests who do not disembark at Le Havre.

Le Havre **MONT SAINT-MICHEL**

In a nutshell

We explore Mont Saint-Michel, a "wonder of the West" and masterpiece of medieval religious architecture, as well as an exceptional vantage point for admiring the spectacle of the tides which have the biggest height difference in the whole of France.

Main stops

- Mont Saint-Michel
- Porte de Bavole, Grand Rue and village
- Walls and Benedictine abbey

The programme

OCEAN CRUISES

- On this excursion we spend the whole day at **Mont Saint-Michel**, a rocky island surrounded by a magnificent bay known as the "wonder of the West" and a UNESCO World Heritage Site since 1979. Visits to the island are spectacular at any time of year thanks to its configuration, the rich history of the abbey and the beauty of its architecture. The little island, with a circumference of around 1 km, reaches a height of 80 metres and is connected to the bay via a paved road built in 1879 which is submerged at high tide. The area is known for its alternating tides, causing changes to the sandbars that surround the mount. Here the movement of the tides is the highest in the whole of France and the difference between high and low tide can be over 12 metres.
- We will begin our visit at the fortified entrance, the **Porte de Bavole** built by Gabriel du Puy in 1590, and continue along the **Grand Rue**, a steep road that comes to life in the summer with souvenir shops and restaurants and crosses the picturesque village towards the abbey, church and cloister.
- We will also visit the **walls** along a route that offers enchanting views of the bay and the abbey gardens.
- We arrive at the **Abbey** which dates back to the 8th century when the Archangel Michael appeared to Aubert, bishop of Avranches, telling him to build a church on the rock. The bishop founded an oratory on the island, then known as Mont Tombe. In the Carolingian period the oratory was replaced by an abbey and from that time until the 16th century, magnificent Romanesque and Gothic buildings were constructed. The abbey was well fortified and never conquered; having been used as a prison during the French Revolution and the Second Empire, in 1874 it was declared a Historic Monument and opened to the public all year round.
- Before returning to the port we will have free time to shop for souvenirs (with a wide range of copper, ceramic and porcelain objects to choose from) and local produce (such as butter biscuits and other typical products of Normandy). We can enjoy the atmosphere of this medieval village whose inhabitants carry on the island's traditions, continuing to make products for the delight of visitors and pilgrims coming to this unique site, just as they did over a thousand years ago.

TUI: WHERE HISTORY IS DEFENDED AND WINE IS SAVORED

In a nutshell

Get ready to discover **Tui**, the city that has spent its life defending itself from invasions, looting, and more recently, tourists armed with selfie sticks! From its imposing **cathedral-fortress** to the breathtaking views over the **river Miño**, to the final stop at the **Parador** for a strategic toast, this experience is the perfect combination of history, views and...full glasses.

Main stops

- Tui Cathedral, from the Romanesque to the Gothic
- Tasting of local wines at the Parador

The programme

We'll set off from Vigo and then head south, straight towards **Tui**, a town perched atop a hill, right on the border with Portugal. A strategic position? Without a doubt! So strategic that in medieval times, it was visited by more armies than pilgrims. For this reason, beauty is not enough for its cathedral: it has crenelated towers, thick walls and a menacing air that seems to say "try us if you dare". From the top of its tower, the **view over the river Miño** is simply epic.

After exploring the old town - a mix of cobbled streets, ancient convents and noble palaces - we'll take a pit stop at the **Parador**. Here, you'll taste local wines and a few plates of tapas, because tourism is best enjoyed with a glass in hand...or even two!

After the toast, we'll head back to Vigo, in the knowledge that we've conquered Tui - at least with our eyes (and our palates).

COMBARRO: FROM HORREOS TO BATEAS

In a nutshell

Combarro is a rebellious corner of Galicia that really wants to surprise you: the **horreos** - ancient grain stores on stilts - rise up like something from a film set, while the sea is not just a nice view, but a resource

OCEAN CRUISES

which encapsulates hard work, tradition and passion. Want to know more? Jump aboard the catamaran and discover the **bateas**, where ingenuity transforms the sea into a work of art!

Main stops

- The *horreos* of Combarro
- A catamaran trip to discover the bateas

The programme

Combarro isn't one of those fairytale villages where everything is graceful and groomed: it's a fishing village, where everything is still dictated by the rhythms of the sea. You'll see it immediately: nets stretched out in the sun, boats ready to take to the water, salty sea air that stings your face...while the port seems to whisper: *"What're you going to do? *Stay on land, or come and discover what life's really like around here?"*

Before accepting the challenge, however, get lost among the cobbled alleyways, where the stone houses seem to have been sculpted by time and salt. And then there are the **horreos**: grain stores raised up on stone pillars, suspended between ingenuity and necessity. Once upon a time, they protected the harvest from damp and mice, but today they are the silent guardians of a rural architecture that you won't find anywhere else.

Then it's time to leave the photos and tourist poses behind you: climb aboard. The **catamaran** will take you straight to the beating heart of Galicia's economy, the **bateas**: floating platforms where mussels and oysters are cultivated as opposed to fished. You'll see them growing attached to long ropes, swinging in the water like divas waiting to make their debut... yes, in the most famous restaurants in the region! And speaking of the stage...get ready for a star tasting! Super-fresh mussels await you, just cooked and served with wine, water and a soft drink. No fork necessary - all you need to get stuck in is your fingers, and plenty of enthusiasm to experience the taste of the sea!

- Wear comfortable shoes and clothing suitable for the trail, without forgetting a light, windproof jacket.

FROM THE SAGRADA FAMILIA TO CASA MILÀ: GAUDÍ AND NATURE

In a nutshell

Thanks to the genius of Gaudí, a forest, a mountain and the Mediterranean Sea have sprung up in the center of **Barcelona**. Don't believe it? With an **exclusive Costa guide**, discover how the artist transformed **glimpses of Catalan nature into works of art**, as you wander between the tree-columns of the **Sagrada Família**, under the caves and snowy peaks of **Casa Milà** and through the shapes of **Casa Batlló**.

Main stops

- Sagrada Família: Nativity and Passion facades; internal visit

OCEAN CRUISES

- Casa Milà: external visit
- Walking tour on the Passeig de Gràcia
- Casa Batlló: panoramic visit

The programme

- Your plunge into nature reinterpreted as art by **Gaudí** can only begin at the **Sagrada Família**, his greatest masterpiece.
- What does it remind you of? Your **exclusive Costa guide** has the answer: it's a forest that has been growing for nearly 100 years.
- Take a closer look: do you see the animals on the **Nativity facade**? Chameleons and doves in flight, but also two enormous turtles, symbols of land and sea.
- Inside, the illusion continues: the **columns are like tall trees** with branches that are intertwined with the sculpted faces, while the **colors of the windows evoke those of sunrise and sunset**. It is Gaudí's homage to the views from the mountain of Montserrat, and in the Salnitre cave.
- As you move to a different area of the city, the natural scenery changes with you. At **Casa Milà**, you'll find yourself in front of a mountain range with cave-like windows, iron decorations that look like brambles, and a roof as white as the snowy peaks. This is why the people of Barcelona call it "La Pedrera", or the quarry!
- If you're missing the sea, you'll find it on the facade of **Casa Batlló**, whose colors and sinuous lines echo the waves of the Mediterranean. Meanwhile, snoozing on the roof you'll find...well, you tell us!
- This is one of the most popular excursions so book early.
- Wear suitable clothing for the places of worship you will be visiting.
- Slight changes may be made to itineraries and the length of excursions in order to safeguard your health and comply with regulations and the safety protocol.

Discover three unique masterpieces that express the genius of Gaudí and Catalan Modernism. Visit the incredible Cripta di Colònia Güell, the melting pot of ideas that led to the creation of the Sagrada Família. Gaudí's Crypt is the beating heart of this hidden corner of Barcelona. Here, every curve and every corner will help you understand right from the start that for Gaudí, architecture was not just about form - it was also a journey into the imagination.

And then, the Sagrada Família: get ready to be amazed. It's not just a basilica, it's a real work of art that defies the laws of time and logic. The Sagrada Família is proof that Gaudí pushed architecture beyond any known boundary. Your guide will accompany you through the history and meaning of the facades of this iconic monument.
