Marseilles
MARSEILLES IN A CLICK

In a nutshell

Do you love photography? Share your **unique take** on Marseilles by snapping photos of all the most interesting sights in the city: the Old Port with Notre Dame de la Garde, the ~~Le~~ **Panier** district, the Majeure Cathedral and ~~and~~ a few surprise special effects. Post your best pictures on social media

Main stops

- Old Port: Ombrière
- Notre Dame de la Garde: view from the Old Port
- 'Le Panier' district
Sainte-Marie-Majeure Cathedral: external visit*
MuCEM (external visit), Saint-Jean Fort

The programme

Marseilles is one of the most Instagrammable destinations in the Mediterranean, particularly as it is notoriously a #nofilter city.

Start your photo report with a roundup of pictures of the **Old Port**, with the **St-Jean** and **Saint-Nicolas** forts as striking backdrops. At the **Norman Foster Ombrière** you can switch off the special effects: the huge metal canopy alone will **turn your reflection upside down**.

Take a quick snap as you pass by the **Hotel Intercontinental** and then it's into the multicultural, multicolored and multi-inspirational district of **Le Panier**. The **Place des Treize Cantons** was once the site of the hotel where **Casanova** stayed, so a photo here is essential, with the #hot hashtag of course.

If you love street photography, don't miss views like the bowling green in front of the **Majeure Cathedral**, while the port area between **MUCEM** and the **Saint-Jean Fort** is ideal for architectural photography.

- Slight changes may be made to itineraries and the length of excursions to protect your health and to comply with regulations and the safety protocol.

Marseilles

THE MARSEILLE OF THE FIVE SENSES

In a nutshell

Marseille is the city of the senses, and this is precisely how it should be explored. Alongside your **exclusive Costa guide**, you can admire the details of the **squares, grand buildings and murals**, listen to the tolling of its historic **bells**, which are still intact after all this time, and smell the velvety scent of **soap**, **cutting it with your own hands** in a **dedicated museum**. What more could you want? **A tasting of oil and chocolate** to awaken your palate, of course!

Main stops

- Marseille Soap Museum: internal visit with workshop for making your own soap
- Fort of Saint-Jean; MuCEM museum; church of Accoules: external visits
- Stroll through the city: the Old Port, the squares and alleys of the Le Panier neighborhood
- Chocolate and oil tasting in a historic chocolate store

The programme

- Scents, images, sounds and flavors from all eras: you can only really say you know **Marseille** once you've explored it **with all of your senses as part of an exclusive Costa experience**.
- In the **Soap Museum**, you'll step into the 600 years of artisan history of this Marseille icon, crafted from ultra-pure olive oil. Watch, smell and **then personalize your soap**, shaping the silky mixture with your hands!
- From the **Fort of Saint-Jean** and the **MuCEM** museum, you'll head to the **church of Accoules** dating back to the 11th century, with its historic bell tower. Listen to the chimes of its bells: your **guide** will reveal all the stories associated with them.
- Meanwhile, the **Le Panier neighborhood** is brimming with tales of saints, sinners and... **murals**. Surrounded by the ancient symbols of the square, there is a great red whale, just waiting to be captured on film forever. Did you notice? It carries the entire city on its back.

EXCURSION ON THE ATLANTIC COAST: RELIVE SAINT VINCENT AND ITS HISTORY

In a nutshell

Saint Vincent's Atlantic coast tells the story of the British dominion over the country - from tunnels built by 18,000 African slaves to the old capital of Calliaqua, let us explore a past that comes to life before our eyes.

- Old capital of Calliaqua

The programme

- We travel along the Atlantic coast of Saint Vincent and Grenadine surrounded by breath-taking scenery.

- We explore the Sugar City of Georgetown, where many British families used to live, before heading to the **Black Point Tunnel**, built in 1815 to transport sugar destined for export.
