#COSTAGRAMMER TOUR AT MARSEILLE

Description
We pick up our cameras as real influencers to capture the essence of Marseille. An innovative stimulating excursion for those who love to share their emotions with their dear ones and, why not, be the envy of followers!
Become a true #costagrammer: upload your best shots using the #costagrammer hashtag and don’t forget to tag our official Instagram costacruisesofficial!

What we will see
- Old Harbour: ombrière, Notre Dame de la Garde, ...
- “Panier” Quarter
- Cathedral of Saint-Marie-Majeure
- MuCEM and Fort Saint-Jean

What we will do
- We take out our cameras ready to capture the spirit of Marseille and create a true social photo feature.
- Our guide will be waiting to welcome us as we disembark from the ship. Together, we make our way to the city centre, specifically, a point near the Old Harbour where our tour begins.
- First of all, we reach the ombrière: a sheet of stainless steel acting as a mirror, showing us our upside-down reflex and offering us endless photo opportunities.
- Let us not forget to capture the city’s emblem – the magnificent Notre Dame de la Garde in the Romanesque-Byzantine style. Will we manage to capture all its charm in a single picture?
- We pass by Hotel Intercontinental (former Hotel Dieu) and venture into the old Le Panier district, the city’s historic city centre populated by workshops, colourful lively cafés, and many original curiosities ready to be photographed!
- We continue towards Marseille Cathedral: it is rather peculiar how a boules court, the game symbol of Provence, is found right in front of the entrance to this imposing church. Why not seize the chance of having our photo taken as we mime a throw?
- We then head back to the Old Port and to the area between the Musée des civilisations de l’Europe et de la Méditerranée (MuCEM) and Fort di Saint-Jean, the fortress built by Louis 14th in 1660. From here, we can admire the city in all of its splendour. – an unmissable occasion to capture this breathtaking scenery on camera!

-Informations
- Our excursion has come to an end: we return to our ship ready to post all the emotions we have enjoyed, which will be forever etched in our memories and available on our photo gallery.

Places on this excursion are limited. We recommend booking early.

This excursion is not recommended for guests with mobility problems.

EXPLORING MARSEILLE AND ITS MANY FLAVOURS

**Description**
A tour in search of the true soul of Marseille, a bustling, multicultural city with a long and fascinating history, brimming with the flavours and aromas of Mediterranean culture.

**What we will see**
- The Church of Saint Laurent and the view of the Old Port
- "La Major" Cathedral and Esplanade
- Museum Complex
- "Panier" quarter, "La Vieille Charité" courtyard and loggia

**What we will do**
- We begin our discovery tour of Marseille by taking the shuttle bus from the port to the Church of Saint-Laurent. The little square in front of the church offers beautiful views of the Old Port and the hills surrounding the city.
- We make our way downhill from the church towards Marseille's Neo-Byzantine cathedral, known locally as La Major. After a tour around the outside of the building, we have a short stop in the new Esplanade, recently completed to coincide with Marseille's nomination as the 'European capital of culture 2013'.
- We then make our way to the new museum complex, which comprises three institutions: the "Musée Regards de Provence", the "Ville Méditerranée" and "MuCEM" – the Museum of European and Mediterranean Civilisations. Our guide will provide an overview of each building from the outside.
- We walk onwards, heading into the old heart of the city, the "Panier" quarter, with its artisan workshops and colourful, bustling cafés.
- Before we make our way into the web of narrow streets of the old town, we stop to visit the courtyard and the loggia of "La Vieille Charité", a building that originally served as an almshouse for the city's poor, but which is now home to a cultural centre and a venue for temporary exhibitions. We then take another short break to sample some local products.
- We make our way back to the Old Port, where we can either board the ship straight away, or spend a couple of hours of free time in the city centre.
- Space is limited, so please reserve early.
- Comfortable walking shoes are recommended.

Description
An opportunity not to be missed to explore a UNESCO World Heritage Site, Avignon, ‘the city of the Popes’: a step back into the history of the church and the Papacy, tracing the splendour of the reign of 7 pontiffs who brought prosperity and prominence to Avignon.

What we will see
- Palace of the Popes
- Free time for shopping and exploring the city

What we will do
- We leave the port of Marseille by coach, and head for Avignon, a journey that takes about one hour. The city of Avignon is famous for having been the seat of the Papacy from 1309 to 1377, a period known as the ‘Avignon captivity’. Pope Clement V transferred the Papal court from Rome to Avignon, from where 7 Popes reigned until 1377 and 2 antipopes stayed on almost until the end of the 14th century, bringing a period of prominence and prosperity to the city.
- Our tour takes us to the Palace of the Popes which has been recognised in France as a historic monument since 1840, and as a UNESCO World Heritage Site since 1995. The building, which is both a palace and a fortress, is one of the most extraordinary examples of Gothic architecture of the 14th century. It was built in two phases, by two popes: to the north, the more austere Palais Vieux (Old Palace) was built during the reign of Benedict XII; the Palais Neuf (New Palace), to the south, was built by his successor, Clement VI. Inside, the now-empty galleries, chambers and chapels give an apparent impression of austerity. The frescoes and handwoven tapestries in the bedrooms and the Papal study however, give a better idea of the pomp and splendour of times gone by.
- Before going back to the ship, we have some free time for a walk in the streets of the centre or for shopping.
- This excursion is not recommended for guests with mobility problems.
- The duration from the port to Avignon is approximately 1h30 minutes.

Marseille
MARSEILLE AND ITS HIDDEN TREASURES

Description
An excursion for those who want to discover the hidden treasures and secrets of Marseille, a millennial melting pot of people and cultures, a city of indisputable charm and a distinct identity that draws visitors in with its magical atmosphere.

What we will see
- Cathedral of Notre Dame de la Garde and Church of Saint-Laurent
- "Le Panier" quarter
- Vieille Charité and Cathedral of Sainte Marie Majeure (external visits)

What we will do
- We leave from the left-hand side of the port and begin our tour of Marseille with a visit to the Cathedral of Notre-Dame de la
Garde which is at the highest point of the city at an altitude of 162 m above sea level, from where we can see the whole of Marseille laid out before us.

- We will then make our way to the Church of Saint-Laurent, a handsome example of Provençal Romanesque architecture, built in pink stone from Couronne, with splendid views of the Old Port.
- It also marks the beginning of the quarter known as "Le Panier" ("the basket"), which is one of the oldest quarters of Marseille and the old heart of the city. It owes its name to the "Le Logis du Panier" inn, an old establishment dating back to the 17th century. This part of the city is a typical Mediterranean port neighbourhood with the fronts of houses painted in a variety of colours and narrow winding streets. Historically a favoured haunt of sailors, it is now one of Marseille's most characteristic areas.
- Following a visit to La Vieille Charité – originally an almshouse for the city's poor, now home to a cultural centre and a venue for temporary exhibitions – we have the opportunity to try a local speciality, the "navette" ("little boat"), a traditional biscuit flavoured with orange blossoms that is baked in the shape of a boat.
- After a short break, close to La Vieille Charité, we pay a short visit to the Neo-Byzantine Cathedral of Saint-Marie-Majeure – also known by the locals as "La Major" – before heading back to the port.

This garden is truly unique – it was built inside an amphitheatre and includes over 1,000 species of cactus from all over the world creating a landscaping masterpiece.

A JEEP TOUR AMONG THE VOLCANOES IN LANZAROTE

**Description**

Admire the unusual beauty of Lanzarote, the island of volcanoes, from a jeep.

**What we will see**

- LagOmar resort
- Teguise
Montaña Quemada
La Geria
Monumento al Campesino

What we will do

For those looking for adventure, an alternative solution to discover Lanzarote is a jeep tour. We will start our day by heading towards the north of the island in our Land Rovers. There, we will stop briefly for photos at the famous LagOmar resort, once owned by actor Omar Sharif.

Afterwards, we will head towards the centre of the island in Teguise, the ancient capital of Lanzarote filled with historical and architectural beauties.

After a short stop for photos, we will go back to our Land Rover to take the off-road trail which crosses the wildest part of the island, characterised by the evocative lunar landscape dominated by many volcanoes such as the Montaña Quemada.

It may seem strange, but volcanic soil is actually fertile, so it is possible to plant vineyards and produce wine - we will in fact discover an area called La Geria, a unique region producing high-quality wine.

From our jeeps, we will admire the evocative scenery made up of a stretch of solidified lava, rocks and ash created by the eruptions of volcano Timanfaya.

On our way back, we will stop to have a look at the famous Monumento al Campesino created by artist César Manrique as homage to the hard work carried out by Lanzarote farmers.

Places on this excursion are limited. We recommend booking early.

Passengers per jeep: 6 passengers

IN THE BOWELS OF THE EARTH: EXPLORING THE SPECTACULAR CUEVA DEL VIENTO

Description
Geology becomes a breathtaking spectacle: this unmissable excursion ventures into an amazing lava tunnel, dug out thousands of years ago by a river of incandescent magma which, exhausting itself over time, has left deep tunnels and cavities in the rock that can be walked through on an authentic journey into the mysterious heart of the mountain.

What we will see
- Photo stop at the Mirador de San Pedro
- Cueva del Viento visitors centre
- Information presentation about the lava tunnel
- Walking route through spectacular views

- We will arrive at the visitors centre for the Cueva del Viento, the largest lava tunnel in Europe with 18 km of underground tunnels and branches.
- At the visitors centre, we will listen to an interesting presentation about this incredible geological site, during which we will find out that the intricate labyrinth, spread over three levels, was formed 27,000 years ago by the outflow of lava from the volcanic cone of the Pico Viejo.
- After being equipped with a helmet, torches and spare batteries, we travel by bus to the start of our walk that takes us into the heart of stunning panoramas, through cultivated fields, volcanic areas and pine forests, as we get closer to the entrance to the Boca del Sobrado: this is where our adventure in the bowels of the mountain really begins!
- With wide-eyed wonder we explore the belly of the Earth following spectacular underground tunnels decorated with stalactites, concretions of different kinds and deep fissures that will leave you lost for words.
- Back on the surface, we return to Santa Cruz, taking with us some unforgettable memories of an experience the like of which few can boast about!

Monuments, ancient fortresses, palaces, typical lanes, elegant gardens and tree-lined avenues: a tour to discover Malaga.

What we will see
- Malaga
- Cathedral
- Historic city centre
- Alcazaba
- Gibralfaro

What we will do
- The first stop on our trip takes us to Malaga, a city founded more than two thousand years ago and now one of the oldest ports in the Mediterranean, and the cathedral, one of the most important Renaissance monuments in Andalusia. Dating back to the 16th century, the cathedral was constructed on the site of a former mosque.
- We will then move on to the historic centre of Malaga, where we can admire the beauty of the typical calles.
- Our trip will then take us on to Alcazaba, a fortress from the Muslim era that testifies the Moorish resistance to the Christian kings. From its ancient peripheral walls we can enjoy an evocative view of the city and its surroundings, including the bay.
- Another beauty spot from which we can enjoy a breathtaking view is Gibralfaro, an ancient fortress situated on top of the hill that dominates the city. Constructed in the 14th century by Yusuf 1, Caliph of Granada, in the spot on which the Phoenicians had built a lighthouse, it was, for a long time, the most impregnable fortress on the Iberian peninsula. Here we take a final look at Malaga, its bay and the beautiful surroundings, before beginning our return journey to the ship.

Civitavecchia

Description

Pagan Rome and Christian Rome: the two faces of the city’s millenarian history. We are taking a trip back in time to discover the greatness of Ancient Rome and the magnificence of the Popes, admiring the legacy of the art and architecture that has been handed down to us.

What we will see

- Vatican City, Vatican Museums and the Sistine Chapel
- St. Peter’s Square and St. Peter’s Basilica
- Colosseum, Arch of Constantine, Roman Forum
- Piazza Venezia, Altare della Patria (National Monument to Victor Emmanuel II) and Capitoline Hill

What we will do
We leave the port and travel by luxury coach to Rome, the cradle of civilization, where we are met by our local guide.

Our journey to discover the treasures of the City starts with the Vatican Museums which showcase masterpieces and priceless art collections that are the result of the Popes’ cultural patronage over the centuries. Our excursion includes priority entrance to the Museums so there is no waiting or queuing.

Our guide accompanies us to discover the magnificent works on display, which range from Classical to Renaissance masterpieces. The highlight of the itinerary is the Sistine Chapel, dominated by Michelangelo’s famous ‘Last Judgement’, in addition to frescoes by great artists such as Botticelli, Ghirlandaio and Perugino.

When we come out we cannot fail to spend some time in St. Peter’s Square embraced by Bernini’s Colonnade and dominated by the imposing structure of St. Peter’s Basilica. This immense church, the largest in the world, was built on the site of St. Peter’s tomb and houses extraordinary art treasures ranging from the Renaissance to the Baroque period.

For lunch we make our way to a restaurant to sample some Roman specialities. After lunch, we move on to the Colosseum, one of the seven wonders of the modern world, the amphitheatre that was the symbol of Rome’s greatness, caput mundi, where the bloody battles between gladiators and wild animals were held (tour of the exterior).

From here, we take a real walk back in time: the majestic Arch of Constantine and the imposing ruins of the Forum, on to Piazza Venezia, where the Altare della Patria stands, and then Capitoline Hill, Michelangelo’s masterpiece, where we finally bid farewell to the Eternal City.

The transfer to Rome takes approximately 1 hour and 30 minutes.

The tour involves long distances on foot, it is therefore recommended to wear comfortable shoes.

Dress code that is appropriate for the places of worship to be visited is recommended.

During religious functions the visit to the Basilica will only be a tour of the exterior.

On Wednesday morning St. Peter’s Basilica could be closed due to the Papal Audience.

In case of extraordinary celebrations, the preferential passage of the Vatican Museums could be forbidden. It will therefore be necessary to use the main entrance of the Basilica. The surrounding area could be overcrowded causing long queues.

**THE MEDIEVAL JEWEL OF TARQUINIA AND THE MYSTERIOUS ETRUSCAN CULTURE**

Description

An extraordinary journey of discovery in the area around Tarquinia, where the mysterious Etruscan people lived for centuries, leaving behind artefacts of rare beauty. Tarquinia is also a fascinating medieval hamlet and we do not miss this opportunity to discover its treasures and secrets.

What we will see

- Historical centre of Tarquinia
- Church of Santa Maria in Castello
- Fortified tower of the Countess Matilda of Canossa, Piazza delle Erbe and the Barucci Tower
• Etruscan Necropolis of Tarquinia and the National Etruscan Museum
• Lunch with dishes of the ancient Etruscan tradition.

What we will do
• We leave the port and head for the ancient city of Corneto, today’s Tarquinia, an architectural and historical jewel within the medieval walls of a charming hamlet that has been nicknamed the “San Gimignano” of the Latium region because of its numerous towers.
• We leave the coach and wander through the alleys and hidden corners of the historic centre to discover an unexpected and exciting world that is not only made of the particular bricks with their unmistakable colour – the colour of macco, a unique local building material – but also of fascinating stories, legends and anecdotes.
• Romanesque, Gothic and Neoclassical architectural styles are almost unwittingly intertwined on the façades of the palazzi and churches, including the splendid church of Santa Maria in Castello which towers in isolation on the edge of the hill.
• Evoking memories, mysteries and surprises, our walk takes us to the Fortified Tower of the Countess Matilda of Canossa, a jewel set in fortification walls that are well worth viewing, Piazza delle Erbe, dominated by the Barucci Tower at the foot of which the executioner carried out his grim rituals in Medieval times.
• And then we come to more alleys, coats of arms, cloisters and medieval towers: a perfect setting which evokes a time when hoards of monks beguiled rich and poor, the powerful and the destitute in their attempt to address their needs and forecast their destiny.
• Our lunch break becomes a way to continue our encounter with this magical land steeped in history. Indeed, Tarquinia is also the cradle of the Etruscan civilization and at the restaurant we are served typical local dishes which have been handed down from the Etruscan culinary tradition.
• We continue to be spellbound at the Necropolis of Tarquinia, a UNESCO World Heritage Site, where we have the opportunity to see some of the most beautiful painted tombs that have made this archaeological site famous.
• To complete our journey through Etruscan culture which, in many ways is still unknown, we go to the Palazzo Vitelleschi which today houses the National Etruscan Museum, where we can relive the fascinating world of this Tyrrhenian people by admiring the precious exhibits on display.

Please note: Space is limited, so please book early.
• The excursion is mainly a stroll on a medieval path, so comfortable walking shoes are recommended.
• The order of the itinerary may vary.

**SUPER ROME**

**Description**
This excursion, by coach and on foot, takes us on a journey through thousands of years of Roman history, from Ancient Rome to the Vatican via the splendour of the Baroque city, and a delicious lunch at a local restaurant.
What we will see

- Sightseeing tour of classical Rome
- The Pyramid of Cestius and the Baths of Caracalla
- The Circus Maximus
- Basilica of San Pietro in Vincoli
- Photo stop at the Colosseum
- The Via dei Fori Imperiali and Piazza Venezia
- Lunch at a Roman restaurant
- A stroll through Baroque Rome
- The Trevi Fountain, Piazza Montecitorio, Piazza Navona
- Saint Peter’s Basilica

What we will do

- We set of by coach from Civitavecchia, heading to Rome where a guide awaits to lead us on a tour of the endlessly fascinating and eye-opening attractions of the eternal city.
- Our adventure begins with a sightseeing coach tour of Rome’s ancient ruins, which even today lend the centre of the city an air of majesty and prestige.
- Our route takes us past such wonders as the Pyramid of Cestius, a funeral monument built in the Egyptian style in the 1st century BC, the Baths of Caracalla, the grandest thermal complex of the imperial age, the Circus Maximus, where the crowds once flocked to watch the chariot races.
- We leave our coach for a guided tour of the church of San Pietro in Vincoli (Saint Peter in Chains), which is home to a Michelangelo masterpiece, a statue of Moses.
- Next, we stop to take a photo or two at the Colosseum, perhaps the most famous monument in Rome and an absolute must-see on our visit to the city. From there, we begin a walking tour along the via dei Fori Imperiali, where the ancient imperial capital seems to come back to life. This leads us to the feet of the Capitoline Hill and Piazza Venezia, on whose southern side towers “Il Vittoriano” the imposing monument to King Victor Emanuel II.
- At this point, we may be beginning to feel a little languorous, so what better time to take a seat for some deliciously authentic Italian cooking with lunch at a local restaurant?
- Suitably restored, we head back out on foot, this time focusing on the treasures of Baroque Rome: we pass the Trevi Fountain, with the ever-present throngs of tourists, and the Palazzo Montecitorio, a glorious example of Roman Baroque, which overlooks the piazza of the same name, and which is now the seat of the Chamber of Deputies, one of the two houses of the Italian Parliament. Finally, we reach Piazza Navona, with the splendid fountain designed by the great sculptor and architect Gian Lorenzo Bernini.
- Our last stop is the Vatican City, where the two semi-circles of the colonnade designed by Bernini embrace the circular piazza and frame the façade and huge dome of the magnificent St. Peter’s Basilica.
• The transfer to Rome takes approximately 1 hour and 30 minutes.
• The guide will join the excursion group once we reach Rome.
• This excursion involves about 2 hours of walking. Comfortable shoes are strongly recommended.
• This excursion is not recommended for guests with limited mobility.
• We recommend that you book early as only a limited number of places are available.
• Due to new security control procedures many tourist sites may have long queues, even for pre-booked groups.
• On Wednesday morning St. Peter’s Basilica could be closed due to the Papal Audience.
• In case of extraordinary celebrations, the surrounding area could be overcrowded causing long queues at the entrance of the Basilica.

Civitavecchia

A UNIQUE POSTCARD FROM ROME

Description
An excursion designed especially for passengers who have already seen Rome’s most famous sites and want to discover the less-well-known face of the eternal city: first by coach, and then on foot, we explore the atmospheric, hidden corners that fill in some of the gaps in our picture of Italy’s endlessly fascinating capital.

What we will see
• The Baths of Caracalla and the Circus Maximus
• The keyhole at the Villa del Priorato di Malta
• Santa Maria in Trastevere
• Jewish Ghetto, Campo dei Fiori, Piazza Navona
• Santa Maria della Pace and Santa Maria dell’Anima
• The Pantheon and Santa Maria Sopra Minerva
• The Trevi Fountain and Piazza di Spagna

What we will do

Costa Pacifica – Italy, France, Canary Islands, Morocco, Spain
From the port of Civitavecchia, we make our way to the capital of Italy for a sightseeing tour of Rome, on which we visit some of the less-well-known sites in the imperious “eternal city”.

From the comfort of our coach, we see the Baths of Caracalla – the grandest thermal bath complex of the imperial age, not to mention one of the best-preserved in all the Empire – and the Circus Maximus, which was used in ancient times for various sporting spectacles but which is most famous for its chariot races.

At the Aventine Hill, we leave the coach briefly to visit a little-known attraction, the keyhole at the Villa del Priorato di Malta. As we peer through a hole in the gate, we are treated to a splendid view of the dome of St. Peter’s at the end of a long, tree-lined boulevard.

Here, we visit the Basilica of Santa Maria in Trastevere, which was probably the first official Christian place of worship to be built in Rome. The interior includes some splendid mosaics from the 12th and 13th centuries.

Our guide then leads us on foot through the Jewish Ghetto which, between the years 1555 and 1870, was the only part of Rome where Jews were permitted to live. Today, it is a popular, lively area where fascinating monuments stand side-by-side with sophisticated restaurants.

We pass through the Campo dei Fiori – which hosts a local market during the day, but becomes a bustling social hub in the evening – before emerging into Piazza Navona, with its opulent baroque buildings and splendid fountains.

We admire the baroque church of Santa Maria della Pace, and the Gothic Santa Maria dell’Anima, before taking some free time for lunch, which we can enjoy wherever we fancy.

After lunch, our guided walking tour continues with a visit to the Pantheon, originally a temple dedicated to the Emperor Hadrian and all the Roman gods, and we visit the Basilica of Santa Maria Sopra Minerva, which offers a rare example of Gothic art in Rome.

We end our walk with paying homage to the celebrated Trevi Fountain, where visitors gather from all over the world to throw the customary coin into the water, and the equally famous Piazza di Spagna with its monumental “Spanish Steps”.

ITALY’S HIDDEN TREASURES - FINALBORGO AND NOLI

Description
Centuries of history and suggestive settings transport us back in time to the Middle Ages as we explore two of Italy’s most handsome medieval townships, Finalborgo and Noli.

What we will see
- Finalborgo
- Castel San Giovanni
- Basilica of San Biagio
- Convent of Santa Caterina
- Noli
- The Torre del Canto and the Torre del Comune
- Medieval walls
- Cathedral of San Paragorio

What we will do
- We leave the port by coach, in the company of our tour rep, and make our way to the first stop on our journey, Finalborgo, which is considered one of the most attractive townships in the whole of Italy. The settlement is undoubtedly medieval in origin, although recent research suggests that it was founded several centuries earlier than was previously believed.
As we stroll through the streets of the old town, the imposing defensive mass of Castel San Giovanni and other notable monuments such as the Basilica of San Biagio, the Convent of Santa Caterina and numerous Renaissance palazzi conjure an almost palpable sense of history.

We leave Finalborgo for another of the Italian Riviera’s Medieval gems: the town of Noli. This gracious little settlement was home to skilled merchants and courageous navigators who saw it become an independent maritime republic.

We explore the historic centre on foot, admiring the buildings that recount this fascinating history. There are the Torre del Canto and the Torre del Comune, two of the “seventy-two towers of Noli”, of which but a few remain. Then there are the surviving sections of the defensive walls that once formed an impenetrable barrier around the city, and the 12th-century Cathedral of San Paragorio, one of the emblematic examples of Romanesque architecture in Liguria.

DISCOVERING GENOA AND ITS FLAVOURS

Description
A fascinating walk in the direction of the historic centre of Genoa: from the Ancient Port to the House of Columbus passing by antique workshops, with a delicious typical product tasting session to finish up.

What we will see
- Ancient Port
- Historic centre, antique workshops
- House of Columbus
- Tasting of local products

What we will do

Costa Pacifica – Italy, France, Canary Islands, Morocco, Spain
“A place which you never finish discovering. It would appear there is always something to discover. Rich with the most bizarre of contrasts: every which way you turn, you glimpse picturesque, ugly, abject, magnificent, delicious and pleasant things”. Charles Dickens in 1843 described Genoa as a city which remains to be discovered, rich in history, quirks and legend.

A visit to the historic centre of Genoa begins at the Ancient Port: from here, our guide will accompany us inside the network of characteristic alleyways, the so-called ‘caruggi’, upon the discovery of hidden locations.

We will reflect upon the antique workshops, testimony of the traditions and best food and drink.

Nearby to the House of Columbus, the final part of our walk, we will enjoy food tasting of excellent typical product, renown worldwide: Genoese focaccia.

The transfer to Genoa takes approximately 1 hour.
