PALMA DISCOVERY & TASTE

Description
PALMA DISCOVERY & TASTE

What we will see
- Escollera, coast
- Llotja (external tour), Palace of La Almudaina, Cathedral of Santa Maria (La Seu)
- Tapas and sangria

What we will do
- Palma is famous for the sea, its mild year-round climate and the range of entertainment it offers. But Mallorca’s capital is not just seaside tourism and nightlife. The city boasts a plethora of wonderful monuments and buildings and has a delightful old town where getting lost is a delight.
• The tour will begin at the Escollera where we can admire the stunning coast, and then we will stroll through the narrow streets that lead to the city’s most iconic monuments, such as: La Llotja (or Lonja), a magnificent Gothic building formerly a trade exchange centre, now used for cultural events and other official functions; the Royal Palace of La Almudaina, home to the King of Spain when he visits the island; and the majestic Gothic cathedral of Santa Maria (La Seu), the most famous building in the city, rebuilt between 1904 and 1914 under Antonio Gaudi’s orders. On the main façade, don’t miss the Gothic Eye (Ojo del Gótico), one of the largest Gothic rose windows in Europe.

• We will continue our walk through the old town and head to a bar, La Quinta Puñeta, where we will stop to taste the excellent tapas accompanied by a nice, cool glass of sangria.

• After the tasting we will return to the Escollera and catch the coach back to the ship. Guests have the option of extending the visit and returning at a later time.

• Coach transfer to the Escollera followed by a walking tour.

• Monuments and buildings will only be seen from the outside.

What we will see
- Journey on an historic train to Sóller
- Views of the Serra de Tramuntana
- Tunnels carved out of the rock
- The town of Sóller, with free time to explore

What we will do
- We make our way to the station and climb aboard the remarkable Ferrocarril de Sóller, a beautifully preserved, early electric train from 1912 with polished, wood-clad carriages, leather seats and overhead luggage racks.
- As the whistle sounds, we leave the station and make our way along the old railway line across the Serra de Tramuntana, a mountain range whose breathtaking collection of picturesque villages, ancient dry-stone terraces and splendid scenery have earned it the status of UNESCO World Heritage Site.
- As we roll past one olive grove and fruit orchard after another, the tunnels dug out of the solid rock, and the occasional bridges only serve to make our journey even more charming.
- We come at last to Sóller, a picturesque town that nestles among the mountains surrounded by splendid views, and a popular destination for visitors who come in search of peace and contemplation, drawn by the fresh air and the indefinable quality of the light.
- Having climbed down from the train, we have some free time to visit Sóller at our own pace, diving deep into the atmospheric streets to discover the town’s architectural gems, before making our way back to the ship by coach.
- Depending on the circumstances, the party may make the train journey in the opposite direction to the one described.
- To reach the platform at the station, participants will have to negotiate 28 steps.
The train is not equipped to accommodate passengers in wheelchairs, and does not have on-board bathrooms, although there are bathroom facilities in the stations.

The train ride lasts around 50–60 minutes.

Participants will be required to walk for about 15 minutes from the centre of Sóller to reach the coach.

- Our excursion will take us to the capital of the Balearic archipelago, a land of incredible natural beauty with a fascinating artistic heritage. Old Mallorcan traditions pervade the very roots of the Arab culture’s passion and charm, sparking unique, unforgettable emotions.
- The tour covers the most interesting places and monuments on the island. We will admire the beautiful **Gothic cathedral of Santa Maria** (La Seu), the most famous building in the city, rebuilt between 1904 and 1914 under Antonio Gaudí’s orders. On the main façade, don’t miss the **Gothic Eye (Ojo del Gótico)**, one of the largest Gothic rose windows in Europe. A few steps from the cathedral lies the **Royal Palace of La Almudaina**, home to the King of Spain when he visits the island. A visit to La Llotja (or Lonja) is also a must. This magnificent Gothic building was once a trade exchange centre and is used today for cultural events and other official functions.

We will attend Pasión, a spectacular, compelling Flamenco display that is as intense and passionate as the love story it portrays. The artists’ extraordinary talent and professional light and sound effects are the unmistakeable signature of one of the most prestigious theatres in Europe. An experience that will awaken all your senses, including your taste buds thanks to the delicious tapas and excellent sangria that we will taste.

The experience will end with a charming and colourful market where we can unearth souvenirs, gastronomic products and local arts and crafts to take home, to keep the memory of our Mallorcan adventure alive.

TERME DI SATURNIA

Description
Discover a magical timeless destination where you can enjoy intense experiences while literally surrounded by well-being. Parco delle Terme di Saturnia is the largest in Italy: a vast oasis entirely dedicated to relaxation, wellness and pleasure as well as a meeting place since the times of the Ancient Romans, who were so inspired by it that they coined the acronym SPA - Salus Per Aquam.

What we will see
- Access to the SPA: thermal pools, water massage, vascular treatments, air-conditioned relaxation areas

What we will do
- We leave the port of Civitavecchia behind us headed to Maremma and its colourful landscape: crystal-clear sea, mountains covered in thick woods, lakes, green hills and natural spa areas. A world with deep historic roots in civilisations as ancient as the waters of Parco Termale di Saturnia.
- We reach our destination: Parco Termale di Saturnia is the largest in Italy as well as one of the most famous in Europe. Thanks
to its four open-air thermal pools, water massages and cold and warm-water vascular treatments, we can immerse ourselves in thousands of bubbles and enjoy the warmth and numerous benefits of sulphur steam. Lulled by the water at a constant temperature of 37.5°C, our body becomes light and our mind lets go of our worries as our skin is smoothed and purified.

- After this regenerating excursion, we are ready to return to Civitavecchia and our ship.
- Changing rooms, lockers, lounger and SPA Kit (robe, towel, disposable flip-flops) included.
- This excursion does not include a guide but an escort.

**What we will see**

- Vatican City, Vatican Museums and the Sistine Chapel
- St. Peter’s Square and St. Peter’s Basilica
- Colosseum, Arch of Constantine, Roman Forum
- Piazza Venezia, Altare della Patria (National Monument to Victor Emmanuel II) and Capitoline Hill

**What we will do**

- We leave the port and travel by luxury coach to Rome, the cradle of civilization, where we are met by our local guide.
- Our journey to discover the treasures of the City starts with the Vatican Museums which showcase masterpieces and priceless art collections that are the result of the Popes’ cultural patronage over the centuries. Our excursion includes priority entrance to the Museums so there is no waiting or queuing.
- Our guide accompanies us to discover the magnificent works on display, which range from Classical to Renaissance masterpieces. The highlight of the itinerary is the Sistine Chapel, dominated by Michelangelo’s famous ‘Last Judgement’, in addition to frescoes by great artists such as Botticelli, Ghirlandaio and Perugino.
When we come out we cannot fail to spend some time in St. Peter’s Square embraced by Bernini’s Colonnade and dominated by the imposing structure of St. Peter’s Basilica. This immense church, the largest in the world, was built on the site of St. Peter’s tomb and houses extraordinary art treasures ranging from the Renaissance to the Baroque period.

For lunch we make our way to a restaurant to sample some Roman specialities. After lunch, we move on to the Colosseum, one of the seven wonders of the modern world, the amphitheatre that was the symbol of Rome’s greatness, caput mundi, where the bloody battles between gladiators and wild animals were held (tour of the exterior).

From here, we take a real walk back in time: the majestic Arch of Constantine and the imposing ruins of the Forum, on to Piazza Venezia, where the Altare della Patria stands, and then Capitoline Hill, Michelangelo’s masterpiece, where we finally bid farewell to the Eternal City.

The transfer to Rome takes approximately 1 hour and 30 minutes.

The tour involves long distances on foot, it is therefore recommended to wear comfortable shoes.

Dress code that is appropriate for the places of worship to be visited is recommended.

During religious functions the visit to the Basilica will only be a tour of the exterior.

On Wednesday morning St. Peter’s Basilica could be closed due to the Papal Audience.

In case of extraordinary celebrations, the preferential passage of the Vatican Museums could be forbidden. It will therefore be necessary to use the main entrance of the Basilica. The surrounding area could be overcrowded causing long queues.

CIVITAVECCHIA

THE MEDIEVAL JEWEL OF TARQUINIA AND THE MYSTERIOUS ETRUSCAN CULTURE

Description

An extraordinary journey of discovery in the area around Tarquinia, where the mysterious Etruscan people lived for centuries, leaving behind artefacts of rare beauty. Tarquinia is also a fascinating medieval hamlet and we do not miss this opportunity to discover its treasures and secrets.

What we will see

- Historical centre of Tarquinia
- Church of Santa Maria in Castello
- Fortified tower of the Countess Matilda of Canossa, Piazza delle Erbe and the Barucci Tower
- Etruscan Necropolis of Tarquinia and the National Etruscan Museum
- Lunch with dishes of the ancient Etruscan tradition.

What we will do

- We leave the port and head for the ancient city of Corneto, today’s Tarquinia, an architectural and historical jewel within the medieval walls of a charming hamlet that has been nicknamed the “San Giminiano” of the Latium region because of its numerous towers.
- We leave the coach and wander through the alleys and hidden corners of the historic centre to discover an unexpected and exciting world that is not only made of the particular bricks with their unmistakable colour – the colour of macco, a unique
local building material - but also of fascinating stories, legends and anecdotes.

- Romanesque, Gothic and Neoclassical architectural styles are almost unwittingly intertwined on the façades of the palazzi and churches, including the splendid church of Santa Maria in Castello which towers in isolation on the edge of the hill.
- Evoking memories, mysteries and surprises, our walk takes us to the Fortified Tower of the Countess Matilda of Canossa, a jewel set in fortification walls that are well worth viewing, Piazza delle Erbe, dominated by the Barucci Tower at the foot of which the executioner carried out his grim rituals in Medieval times.
- And then we come to more alleys, coats of arms, cloisters and medieval towers: a perfect setting which evokes a time when hoards of monks beguiled rich and poor, the powerful and the destitute in their attempt to address their needs and forecast their destiny.
- Our lunch break becomes a way to continue our encounter with this magical land steeped in history. Indeed, Tarquinia is also the cradle of the Etruscan civilization and at the restaurant we are served typical local dishes which have been handed down from the Etruscan culinary tradition.
- We continue to be spellbound at the Necropolis of Tarquinia, a UNESCO World Heritage Site, where we have the opportunity to see some of the most beautiful painted tombs that have made this archaeological site famous.
- To complete our journey through Etruscan culture which, in many ways is still unknown, we go to the Palazzo Vitelleschi which today houses the National Etruscan Museum, where we can relive the fascinating world of this Tyrrhenian people by admiring the precious exhibits on display.

Please note: Space is limited, so please book early.

The excursion is mainly a stroll on a medieval path, so comfortable walking shoes are recommended.

The order of the itinerary may vary.

SUPER ROME

Description

This excursion, by coach and on foot, takes us on a journey through thousands of years of Roman history, from Ancient Rome to the Vatican via the splendour of the Baroque city, and a delicious lunch at a local restaurant.

What we will see

Costa Smeralda - Spain, Balearic Islands, Italy, France
Sightseeing tour of classical Rome
- The Pyramid of Cestius and the Baths of Caracalla
- The Circus Maximus
- Basilica of San Pietro in Vincoli
- Photo stop at the Colosseum
- The Via dei Fori Imperiali and Piazza Venezia
- Lunch at a Roman restaurant
- A stroll through Baroque Rome
- The Trevi Fountain, Piazza Montecitorio, Piazza Navona
- Saint Peter’s Basilica

What we will do
- We set off by coach from Civitavecchia, heading to Rome where a guide awaits to lead us on a tour of the endlessly fascinating and eye-opening attractions of the eternal city.
- Our adventure begins with a sightseeing coach tour of Rome’s ancient ruins, which even today lend the centre of the city an air of majesty and prestige.
- Our route takes us past such wonders as the Pyramid of Cestius, a funeral monument built in the Egyptian style in the 1st century BC, the Baths of Caracalla, the grandest thermal complex of the imperial age, the Circus Maximus, where the crowds once flocked to watch the chariot races.
- We leave our coach for a guided tour of the church of San Pietro in Vincoli (Saint Peter in Chains), which is home to a Michelangelo masterpiece, a statue of Moses.
- Next, we stop to take a photo or two at the Colosseum, perhaps the most famous monument in Rome and an absolute must-see on our visit to the city. From there, we begin a walking tour along the via dei Fori Imperiali, where the ancient imperial capital seems to come back to life. This leads us to the feet of the Capitoline Hill and Piazza Venezia, on whose southern side towers “Il Vittoriano” the imposing monument to King Victor Emanuel II.
- At this point, we may be beginning to feel a little languorous, so what better time to take a seat for some deliciously authentic Italian cooking with lunch at a local restaurant?
- Suitably restored, we head back out on foot, this time focusing on the treasures of Baroque Rome: we pass the Trevi Fountain, with the ever-present throngs of tourists, and the Palazzo Montecitorio, a glorious example of Roman Baroque, which overlooks the piazza of the same name, and which is now the seat of the Chamber of Deputies, one of the two houses of the Italian Parliament. Finally, we reach Piazza Navona, with the splendid fountain designed by the great sculptor and architect Gian Lorenzo Bernini.
- Our last stop is the Vatican City, where the two semi-circles of the colonnade designed by Bernini embrace the circular piazza and frame the façade and huge dome of the magnificent St. Peter’s Basilica.
- The transfer to Rome takes approximately 1 hour and 30 minutes.
- The guide will join the excursion group once we reach Rome.
This excursion involves about 2 hours of walking. Comfortable shoes are strongly recommended.

This excursion is not recommended for guests with limited mobility.

We recommend that you book early as only a limited number of places are available.

Due to new security control procedures many tourist sites may have long queues, even for pre-booked groups.

On Wednesday morning St. Peter’s Basilica could be closed due to the Papal Audience.

In case of extraordinary celebrations, the surrounding area could be overcrowded causing long queues at the entrance of the Basilica.

• From the comfort of our coach, we see the **Baths of Caracalla** – the grandest thermal bath complex of the imperial age, not to mention one of the best-preserved in all the Empire – and the **Circus Maximus**, which was used in ancient times for various sporting spectacles but which is most famous for its chariot races.

• At the Aventine Hill, we leave the coach briefly to visit a little-known attraction, the **keyhole at the Villa del Priorato di Malta**. As we peer through a hole in the gate, we are treated to a splendid view of the dome of St. Peter’s at the end of a long, tree-lined boulevard.

• Here, we visit the Basilica of **Santa Maria in Trastevere**, which was probably the first official Christian place of worship to be built in Rome. The interior includes some splendid mosaics from the 12th and 13th centuries.

• Our guide then leads us on foot through the **Jewish Ghetto**, which, between the years 1555 and 1870, was the only part of Rome where Jews were permitted to live. Today, it is a popular, lively area where fascinating monuments stand side-by-side with sophisticated restaurants.

• We pass through the **Campo del Fiori** – which hosts a local market during the day, but becomes a bustling social hub in the evening – before emerging into **Piazza Navona**, with its opulent baroque buildings and splendid fountains.

• We admire the baroque church of **Santa Maria della Pace**, and the Gothic **Santa Maria dell’Anima**, before taking some free time for lunch, which we can enjoy wherever we fancy.

• After lunch, our guided walking tour continues with a visit to the **Pantheon**, originally a temple dedicated to the Emperor Hadrian and all the Roman gods, and we visit the Basilica of **Santa Maria Sopra Minerva**, which offers a rare example of Gothic art in Rome.

• We end our walk with paying homage to the celebrated **Trevi Fountain**, where visitors gather from all over the world to throw the customary coin into the water, and the equally famous **Piazza di Spagna** with its monumental “Spanish Steps”.

**FLORENCE AND ITS TREASURES: A TOUR OF THE MAIN MONUMENTS AND SQUARES IN THE CITY**
Description
The fascination of Florence, its monuments, churches and squares is eternal, and this tour will allow us to explore it, together with a local tour guide.

What we will see
- Piazzale Michelangelo and reproduction of David
- Cathedral of Santa Maria del Fiore and Giotto's Bell Tower
- Baptistry of Saint John
- Piazza della Signoria, Palazzo Vecchio, Palazzo Fenzi, Loggia dei Lanzi
- Piazza Santa Croce and Basilica

What we will do
- Our coach leaves the port of La Spezia for Florence, a city that became the capital of the Grand Duchy of Tuscany under the rule of the Medici family, establishing itself as a driving economic power with groundbreaking artistic, cultural and political developments.
- On our arrival in Florence, our local tour guide will accompany us on a panoramic coach tour as far as Piazzale Michelangelo. This square, dedicated to the artist of the same name, is home to copies of some of his famous works, including a bronze reproduction of his statue of David. From here we can enjoy a magnificent view of Florence, a city of contrasts: from this lofty vantage point, we see the city surrounded by the countryside, yet we are just a stone’s throw from a fascinating urban world.
- We then head to the old city centre and the start of a journey through history. Exploring streets of the city centre we soon find ourselves face to face with the Cathedral of Santa Maria del Fiore in all its beauty, complete with Giotto’s famous Bell Tower. Nearby, we can admire the Baptistry of Saint John, a typical Florentine Romanesque construction covered in precious green and white marble.

- Our discovery of the white splendour of Piazza dei Miracoli begins with the Duomo, the highest expression of Pisan Romanesque architecture, in which the classical tradition is filtered through the experiences of the early Church, incorporating Lombard and Byzantine motifs and influences from the Arab and Norman world, to wondrous effect.
- We can’t fail to stop and admire the famous Leaning Tower, an imposing structure that appears almost weightless thanks to storey after storey of graceful arches. Here a photo is practically obligatory.
- Finally, we continue to the Baptistry, home to many artistic masterpieces of immense value.

EXPLORING THE CINQUE TERRE

Description
A lovely excursion to discover Vernazza, Manarola and Riomaggiore, three towns in the Cinque Terre that charm us with their perched outlines, enchanting harbours and colourful tower-houses connected by a maze of alleyways and staircases.

What we will see
- Tour of the Cinque Terre
- Vernazza
- Manarola
- Riomaggiore

What we will do
- We leave the port behind us on a private minivan and set off on a lovely tour of the Cinque Terre, a rugged stretch of coast in Liguria characterised by a series of old fishing towns (five in total) where colourful houses overlook small harbours teeming with fishing boats.
- As we travel west, we can admire the audacious terraces perched above the sea supported by dry-stone walls and destined mainly to vineyards, one of the marvels of this area declared a UNESCO World Heritage Site.
- Our first stop is the town of Vernazza, the most beautiful in the Cinque Terre according to many. Once off the van, we have some free time to explore the town, which is overlooked by the remains of a Medieval castle.
- We walk along the main road with its characteristic steep staircases known as “arpaie”, and stop at the main square, overlooking the sea and home to the church of Santa Margherita di Antiochia, erected in the Romanesque-Genoa style and dating back to the 13th century.
- Back on our minivan, we reach Manarola, perched on a steep promontory with a harbour enclosed between two rocky cliffs.
- We have some more free time to explore the town as we please, taking in the variety of colourful tower-houses huddled up on the rocks and visiting the church of San Lorenzo, the most important in the town with a rose featuring twelve columns.
- Our last stop is Riomaggiore, which also features the typical stepped structure of the Cinque Terre and colourful houses overlooking the small harbour.
- We walk around the town, which is characterised by important monuments such as the castle towering over the houses, the 14th-century church of San Giovanni Battista and the Oratorio di Santa Maria Assunta, home to a 15th-century triptych and a 14th-century wooden statue depicting the Madonna.
- This excursion does not include a guide.

Costa Smeralda – Spain, Balearic Islands, Italy, France
Surrender to the charms of some of Florence’s main attractions, such as the Uffizi Gallery, Ponte Vecchio, the splendid squares and, why not, its exclusive boutiques.

What we will see
- Piazza Santa Croce and the Basilica
- The Uffizi
- Ponte Vecchio
- Piazza della Repubblica
- Piazza Duomo
- Piazza della Signoria

What we will do
- Our excursion begins with a walk to Piazza Santa Croce, where our tour guide will explain the main features of the eponymous Basilica, which is considered one of the most beautiful Gothic churches in Italy.
- We continue with a tour of the spectacular Uffizi Gallery, which houses hundreds of precious works by important artists, such as Botticelli, Caravaggio, Raphael and Leonardo da Vinci.
- After our visit to the Uffizi, we move on towards the Ponte Vecchio, the only historic bridge in Florence to have survived destruction by the Germans during the Second World War and the floods of 1966. We then make our way to Piazza della Repubblica.
- We just have to see the marvellous Piazza del Duomo, the heart of the city. We cannot fail to be impressed by the beauty of the imposing works of art that surround us in a wealth of red, white and dark green marble. It is here that we find the most important complex of religious buildings in the city: the Baptistry of Saint John, with its three magnificent, bronze doors by Pisano and Ghiberti, and the Cathedral of Santa Maria del Fiore – with its enormous dome by Brunelleschi – and the bell tower designed by Giotto, two of the finest examples of 13th century Florentine Gothic architecture.
- All we have to do now is move on to Piazza della Signoria, the historic, political and civil centre of Florence.
- We have a little free time to relax or do some shopping in the city boutiques, before we gather once again at the meeting point our guide has indicated.
• Places on this excursion are limited. We recommend booking early.
• The coach journey to Florence takes approximately 2 hours and 30 minutes each way.
• Our guide will join the excursion directly in Florence. A local escort will be present during journeys to and from Florence.
• Inside the Uffizi Museum guests are not authorized to take photos or videos.
• The guided visit in the “Uffizi” foresees only some areas. The internal visit lasts approximately 90 minutes.
• This excursion is not recommended for guests with mobility problems.

THE HISTORIC CITY CENTRE OF FLORENCE AND PIAZZA DEI MIRACOLI IN PISA

Description
A unique excursion to enjoy the art, architecture and overall splendour of two iconic Tuscan cities that have become symbols Italy for people the world over: Florence and Pisa.

What we will see
- Florence: Santa Maria del Fiore, Piazza della Signoria, Ponte Vecchio, Piazza Santa Croce and Basilica
- Pisa: Piazza dei Miracoli, Cathedral and Baptistry

What we will do
- Our coach leaves the port of La Spezia for Florence, a city that became the capital of the Grand Duchy of Tuscany under the rule of the de' Medici family, establishing itself as a driving economic power with groundbreaking artistic, cultural and political developments.
Our walk begins in the centre, now a pedestrianised area. Our tour guide will show us around the magnificent complex of Santa Maria del Fiore, where we can admire the exterior of the Duomo, the Baptistry and the Bell Tower designed by Giotto.

Continuing our walk through the famous streets of the city centre, we come to Piazza della Signoria, where we can admire the Gothic masterpiece, Palazzo Vecchio, which houses numerous artistic treasures, and the Loggia dei Lanzi, a true open-air museum, which still preserves some wonderful masterpieces of sculpture.

We then move on to the Ponte Vecchio, the only Florentine bridge to survive the 22 bombardments of the Second World War, then to Piazza Santa Croce with its splendid Basilica, the final resting place of Michelangelo.

There will be some time available to take photos, after which our guide will accompany us back to our coach for the journey to Pisa.

On our arrival in the city, there’ll be time to visit this ancient Maritime Republic at our leisure.

The cornerstone of the city’s precious artistic and architectural heritage is Piazza dei Miracoli where the glowing whiteness of the marble buildings – which appear to spring from the grassy carpet of the square – offers visitors a spectacle like no other.

Our discovery of the white splendour of Piazza dei Miracoli begins with the Duomo, the highest expression of Pisan Romanesque architecture, in which the classical tradition is filtered through the experiences of the early Church, incorporating Lombard and Byzantine motifs and influences from the Arab and Norman world, to wondrous effect.

We can’t fail to stop and admire the famous Leaning Tower, an imposing structure that appears almost weightless thanks to storey after storey of graceful arches. Here a photo is practically obligatory.

Finally, we continue to the Baptistry, home to many artistic masterpieces of immense value.

With the beauty of Florence and Pisa lingering in our eyes and in our minds, we board the coach again to head back to the ship.

Places on this excursion are limited. We recommend booking early.

This tour includes a basket lunch prepared by our ship staff.

The coach journey to Florence takes approximately 2 hours and 30 minutes each way.

Our guide will join the excursion directly in Florence. A local escort will be present during journeys to and from Florence.

The tour forsees only external visits.

This excursion is not recommended for guests with mobility problems.

**PRINCIPALITY OF MONACO FROM THE ANCIENT CITY TO THE ELITE MONTE CARLO**
Description
The Principality of Monaco is one of the smallest independent States in the world but despite its size it offers an incredible variety of attractions, all to be discovered: from the ancient city, to the Casinos, to the Formula 1 circuit.

What we will see
- Monaco Ville: Royal Palace square, Cathedral
- Monte Carlo: Casino, boutiques

What we will do
- To get to our destination, we will take the coach along the Fiori motorway, offering a suggestive glimpse of some typical Ligurian villages.
- After crossing the French border, we will arrive in the Principality of Monaco, one of the smallest independent states in the world, its origins and history are indelibly linked to the Grimaldi family, who have ruled here for over 700 years. More specifically, Prince Rainier III who reigned from 1949 to 2005, strongly supported the development of the Principality. Owing to his fairy-tale marriage to the American actress Grace Kelly and the numerous initiatives he supported, the Rainier lineage made this tiny State one of the most frequented by international jet-setters, turning it into a place where numerous world events are held, some of which, delightfully for charity.
- Our tour begins with Monaco Ville, the ancient city, which expands over a rock fortified in a very appealing position overlooking the sea. Here, we will have the opportunity to admire the Royal Palace square and, dependent on the arrival time, we may witness the changing of the guard.
- The excursion will lead us to the small Cathedral, the final resting place of both Prince Rainier and his beloved wife, Princess Grace, who was tragically killed in a car accident that is still shrouded in mystery.
- Late morning, we will make our way, by coach, to the most well known part of the principality, Monte Carlo, with its Casinos, luxury hotels, sophisticated lifestyle and the streets that, once a year, provide the course for the celebrated Monaco Grand Prix. We can use the free time available as we like, to go on a pleasant walk or shop in the boutiques which offer the most well-known brand labels in the world.

**ITALY’S HIDDEN TREASURES - FINALBORGO AND NOLI**

Costa Smeralda - Spain, Balearic Islands, Italy, France
Description
Centuries of history and suggestive settings transport us back in time to the Middle Ages as we explore two of Italy’s most handsome medieval townships, Finalborgo and Noli.

What we will see
- Finalborgo
- Castel San Giovanni
- Basilica of San Biagio
- Convent of Santa Caterina
- Noli
- The Torre del Canto and the Torre del Comune
- Medieval walls
- Cathedral of San Paragorio

What we will do
- We leave the port by coach, in the company of our tour rep, and make our way to the first stop on our journey, Finalborgo, which is considered one of the most attractive townships in the whole of Italy. The settlement is undoubtedly medieval in origin, although recent research suggests that it was founded several centuries earlier than was previously believed.
- As we stroll through the streets of the old town, the imposing defensive mass of Castel San Giovanni and other notable monuments such as the Basilica of San Biagio, the Convent of Santa Caterina and numerous Renaissance palazzi conjure an almost palpable sense of history.
- We leave Finalborgo for another of the Italian Riviera’s Medieval gems: the town of Noli. This gracious little settlement was home to skilled merchants and courageous navigators who saw it become an independent maritime republic.
- We explore the historic centre on foot, admiring the buildings that recount this fascinating history. There are the Torre del Canto and the Torre del Comune, two of the “seventy-two towers of Noli”, of which but a few remain. Then there are the surviving sections of the defensive walls that once formed an impenetrable barrier around the city, and the 12th-century Cathedral of San Paragorio, one of the emblematic examples of Romanesque architecture in Liguria.

- We make our way downhill from the church towards Marseille’s Neo-Byzantine cathedral, known locally as La Major. After a tour around the outside of the building, we have a short stop in the new Esplanade, recently completed to coincide with Marseille’s nomination as the ‘European capital of culture 2013’.
- We then make our way to the new museum complex, which comprises three institutions: the ‘Musée Regards de Provence’, the ‘Ville Méditerranée’ and ‘MuCEM’ – the Museum of European and Mediterranean Civilisations. Our guide will provide an overview of each building from the outside.
- We walk onwards, heading into the old heart of the city, the “Panier” quarter, with its artisan workshops and colourful, bustling cafés.
- Before we make our way into the web of narrow streets of the old town, we stop to visit the courtyard and the loggia of “La Vieille Charité”, a building that originally served as an almshouse for the city’s poor, but which is now home to a cultural centre and a venue for temporary exhibitions. We then take another short break to sample some local products.
- We make our way back to the Old Port, where we can either board the ship straight away, or spend a couple of hours of free time in the city centre.
- Space is limited, so please reserve early.
- Comfortable walking shoes are recommended.
- The order of visits may vary.

INFORMATIONS
Costa Smeralda – Spain, Balearic Islands, Italy, France
We venture in the wild yet charming region of Camargue, visit an ornithological park to see the local flora and fauna up close and visit the lovely Saintes-Maries-de-la-Mer for some shopping and relaxation.

What we will see
- Tour of Camargue
- Parc Ornithologique du Pont de Gau
- Guided tour of the park
- Saintes-Maries-de-la-Mer: at own leisure

What we will do
- We leave Marseilles behind us and venture into spectacular Camargue, a series of swamps, ponds and paddy fields where nature still reigns supreme.
- Along the way, we are charmed by the magnificent views and could be lucky enough to spot the famous wild white horses or majestic untamed bulls grazing in the moorland.
- We stop at the Parc Ornithologique du Pont de Gau, which combines the joy of a stroll with the discovery of the bird species living in the region such as graceful flamingoes, once on the brink of extinction, herons, egrets and storks.
- We walk along paths, footbridges and walkways on a guided tour of the park, which covers 60 hectares of unspoilt nature where flora and fauna coexist in harmony in their natural habitat.
- After the visit, we leave the park and head towards the capital of Camargue, Saintes-Maries-de-la-Mer, a small fishing village with white houses dominated by a relaxed evocative atmosphere.
- Here, we have some free time to explore the town. We can wander around the shops, enjoy local specialities or visit the town sights before returning to the ship.
An opportunity not to be missed to explore a UNESCO World Heritage Site, Avignon, ‘the city of the Popes’: a step back into the history of the church and the Papacy, tracing the splendour of the reign of 7 pontiffs who brought prosperity and prominence to Avignon.

What we will see
- Palace of the Popes
- Free time for shopping and exploring the city

What we will do
- We leave the port of Marseille by coach, and head for Avignon, a journey that takes about one hour. The city of Avignon is famous for having been the seat of the Papacy from 1309 to 1377, a period known as the ‘Avignon captivity’. Pope Clement V transferred the Papal court from Rome to Avignon, from where 7 Popes reigned until 1377 and 2 antipopes stayed on almost until the end of the 14th century, bringing a period of prominence and prosperity to the city.
- Our tour takes us to the Palace of the Popes which has been recognised in France as a historic monument since 1840, and as a UNESCO World Heritage Site since 1995. The building, which is both a palace and a fortress, is one of the most extraordinary examples of Gothic architecture of the 14th century. It was built in two phases, by two popes: to the north, the more austere Palais Vieux (Old Palace) was built during the reign of Benedict XII; the Palais Neuf (New Palace), to the south, was built by his successor, Clement VI. Inside, the now-empty galleries, chambers and chapels give an apparent impression of austerity. The frescoes and handwoven tapestries in the bedrooms and the Papal study however, give a better idea of the pomp and splendour of times gone by.
- Before going back to the ship, we have some free time for a walk in the streets of the centre or for shopping.
- This excursion is not recommended for guests with mobility problems.
- The duration from the port to Avignone is approximately 1h30minutes.

Marseilles
MARSEILLE AND ITS HIDDEN TREASURES

Description
An excursion for those who want to discover the hidden treasures and secrets of Marseille, a millennial melting pot of people and cultures, a city of indisputable charm and a distinct identity that draws visitors in with its magical atmosphere.

What we will see
- Cathedral of Notre Dame de la Garde and Church of Saint-Laurent
- "Le Panier" quarter
- Vieille Charité and Cathedral of Sainte Marie Majeure (external visits)
What we will do

- We leave from the left-hand side of the port and begin our tour of Marseille with a visit to the Cathedral of Notre-Dame de la Garde which is at the highest point of the city at an altitude of 162 m above sea level, from where we can see the whole of Marseille laid out before us.

- We will then make our way to the Church of Saint-Laurent, a handsome example of Provençal Romanesque architecture, built in pink stone from Couronne, with splendid views of the Old Port.

- It also marks the beginning of the quarter known as "Le Panier" ("the basket"), which is one of the oldest quarters of Marseille and the old heart of the city. It owes its name to the "Le Logis du Panier" inn, an old establishment dating back to the 17th century. This part of the city is a typical Mediterranean port neighbourhood with the fronts of houses painted in a variety of colours and narrow winding streets. Historically a favoured haunt of sailors, it is now one of Marseille's most characteristic areas.

- Following a visit to La Vieille Charité - originally an almshouse for the city's poor, now home to a cultural centre and a venue for temporary exhibitions - we have the opportunity to try a local speciality, the "navette" ("little boat"), a traditional biscuit flavoured with orange blossoms that is baked in the shape of a boat.

- After a short break, close to La Vieille Charité, we pay a short visit to the Neo-Byzantine Cathedral of Saint-Marie-Majeure - also known by the locals as "La Major" - before heading back to the port.

#COSTAGRAMMER TOUR AT MARSEILLE

Description

We pick up our cameras as real influencers to capture the essence of Marseille. An innovative stimulating excursion for those who love to share their emotions with their dear ones and, why not, be the envy of followers!

Become a true #costagrammer: upload your best shots using the #costagrammer hashtag and don't forget to tag our official Instagram costacruisesofficial !

What we will see

Costa Smeralda – Spain, Balearic Islands, Italy, France
Old Harbour: ombrière, Notre Dame de la Garde, …

“Panier” Quarter

Cathedral of Saint-Marie-Majeure

MuCEM and Fort Saint-Jean

What we will do

- We take out our cameras ready to capture the spirit of Marseille and create a true social photo feature.
- Our guide will be waiting to welcome us as we disembark from the ship. Together, we make our way to the city centre, specifically, a point near the Old Harbour where our tour begins.
- First of all, we reach the ombrière: a sheet of stainless steel acting as a mirror, showing us our upside-down reflex and offering us endless photo opportunities.
- Let us not forget to capture the city’s emblem – the magnificent Notre Dame de la Garde in the Romanesque-Byzantine style. Will we manage to capture all its charm in a single picture?
- We pass by Hotel Intercontinental (former Hotel Dieu) and venture into the old ‘Le Panier’ district, the city’s historic city centre populated by workshops, colourful lively cafés, and many original curiosities ready to be photographed!
- We continue towards Marseille Cathedral: it is rather peculiar how a boules court, the game symbol of Provence, is found right in front of the entrance to this imposing church. Why not seize the chance of having our photo taken as we mime a throw?
- We then head back to the Old Port and to the area between the Musée des civilisations de l’Europe et de la Méditerranée (MuCEM) and Fort di Saint-Jean, the fortress built by Louis 14th in 1660. From here, we can admire the city in all of its splendour. - an unmissable occasion to capture this breathtaking scenery on camera!

Our excursion has come to an end: we return to our ship ready to post all the emotions we have enjoyed, which will be forever etched in our memories and available on our photo gallery.

Places on this excursion are limited. We recommend booking early.

This excursion is not recommended for guests with mobility problems.

SUPER BARCELONA
Description
A multi-sensory experience to discover the Catalan capital among its most authentic examples of architecture and traditional flavours. A complete journey into Gaudí’s Barcelona to admire its lively spirit and pulsing essence.

What we will see
- Hospital de la Santa Creu i Sant Pau
- Sagrada Familia (external visit)
- Tapas lunch in a typical local restaurant
- Casa Vicens
- Casa Milà (photostop)
- Barrio Gotico
- Cathedral of the Holy Cross and Saint Eulalia
- Free time

What we will do
- We leave the port behind us and head towards the Eixample district, where we begin by visiting an extraordinary UNESCO World Heritage Site: the Hospital de la Santa Creu i Sant Pau, a complex of monumental buildings connected via underground passages and enchanting gardens boasting numerous sculptures featuring symbolic details. It is one of the most unusual and lesser known of Barcelona’s marvels created by architect Domènech i Montaner.
- We continue with the Sagrada Familia to admire its façades, doors and towers. The vastness of the design and its unique style have made Gaudí’s unfinished project the most iconic in the city.
- We have lunch in a typical restaurant where we can savour a few Iberian specialities including patatas bravas, ensaladilla rusa, corquetas, buñuelos and pulpo... All these traditional delicacies cater to our palate’s every whim and perfect to nibble and share “para compartir” just the way the Spaniards do!
- After refuelling, we continue towards Casa Vicens, the first important project commissioned to Gaudí. Declared a UNESCO World Heritage Site in 2005, the modernist building combines Gothic, Mediterranean and Islamic elements while expressing the amateurish yet already unique style of the artist, who was looking for a “Gothic building full of light, which made use of colour; a Gothic that was half maritime, half continental.”
- Our excursion continues with a stop for photos at one of Gaudí’s most famous works of art: Casa Milà. This monumental, eccentric and futuristic building – also known as La Pedrera – enabled the architect to break with all of the architectural rules of the time thereby sparking the rage of the municipal authorities and attracting the criticism of his colleagues while, at the same time, managing to create what went down in history as one of the most representative examples of his naturalist period and modernism in general.
- We then move on to the splendid Barrio Gotico, the historic city centre and vibrant hub of the Catalan capital. We take in this open-air museum and let ourselves be conquered by the timeless atmosphere which envelops its maze of alleyways.
- The central element of the Barrio Gotico and the maximum representation of the style the district is named after is Barcelona
Cathedral, i.e. Cathedral of the Holy Cross and Saint Eulalia. With its stained glass windows and statues characterized by a more expressive and angular naturalism, it perfectly incarnates the archetype of Gothic architecture whose features inevitably invite observers to lift their gaze upwards and admire its beauty in its entirety.

- Our tour has come to an end but, before returning to the ship, we enjoy some ‘free time’ to do a spot of shopping or stroll around the city centre while we remind ourselves of the incredible experience that has enabled us to fully experience this dynamic city.
- We recommend that you book early as only a limited number of places are available.
- This excursion is not recommended for guests with limited mobility.

**THE SAGRADA FAMILIA AND GAUDÍ’S MAGICAL SPLENDOUR**

**Description**

Barcelona is Gaudí’s city: he produced some of his greatest masterpieces there which we will discover one by one and be amazed by their charm.

**What we will see**

- Sagrada Familia: Nativity façade and Passion façade, church interior, construction works
- Passeig de Gràcia
- Casa Batlló (inside visit)
- La Pedrera (photo stop)

**What we will do**

- The first stop on our excursion is the Sagrada Familia, the iconic symbol of the city of Barcelona, a destination for visitors from all over the world, believed by many to be one of the most extraordinary man-made monuments in the world.
- It is a majestic Neo-Gothic church inspired by the great medieval cathedrals and built in a Modernist style: the Catalan version of Art Nouveau.
- It was the work of talented architect Antoni Gaudí, who designed it at the age of just 30 and dedicated the rest of his life to
completing it. Work began on the church in 1882 and is still ongoing, following the designer’s plans. This will make our visit even more fascinating as *we will witness the creation* of one of the greatest architectural masterpieces in the world.

- Our guide will show us two of the façades that have already been completed: the **Nativity façade** and the **Passion façade**. Then we will enter the church where expert artisans are working on this constantly evolving monument.
- Then we will continue on towards **Passeig de Gràcia**, the most fashionable avenue in the city with its charming, modern buildings like **Casa Batlló**, another of skillful Gaudí’s masterpieces.
- Much more than just a building, Casa Batlló holds an entire world of contemporary art, architecture and design, offering visitors a unique, surreal experience. The extravagant inventiveness of the shapes is inspired by the legend of Saint George (the patron saint of Catalonia) who fought the dragon, alluded to in the multi-coloured sinuosity of the roof, while the rows of balconies and bone-like structures symbolise the victims.
- We will end our tour admiring **Casa Milà**, better known as **La Pedrera** (tour of the exterior), Gaudí’s last work. The building is a true triumph of curved lines with undulating faces, chimneys that coil around one another and the magnificent wrought iron railings resembling breaking waves.
- Places on this excursion are limited. We recommend booking early.
- Guests are not allowed to stay on the bus during the stops.
- The way from the parking lot to the venue of Sagrada Familia is approximately 15 minutes of walking.

**GAUDÍ’S MASTERPIECES**

**Description**

Barcelona is the city where the great architect Antoni Gaudí produced his most important and famous works which today define the look of the Catalan metropolis. We will visit four of them, all of which are UNESCO World Heritage Sites.

**What we will see**

Costa Smeralda – Spain, Balearic Islands, Italy, France
• Parc Güell
• Eixample district and Sagrada Familia
• La Pedrera
• Casa Batllò
• Plaça de Catalunya and port area

What we will do

• The first destination on our excursion will be the highly original Parc Güell, designed by Gaudí at the turn of the last century and created in collaboration with his disciples.

• Entering the park, we will be plunged into a surreal, picturesque setting: fairy-tale buildings, a gigantic salamander decorated with mosaics, forests of columns and a house with spires where the artist lived for twenty years.

• We will return to the coach and a short journey will take us to Eixample, the district that is home to the famous Sagrada Familia church (tour of the exterior). This gigantic work is still under construction decades later, following the plans left by the master architect. Our local guide will point out the most distinctive details of the façade, a demonstration of Gaudí’s incredible creativity in its own right.

• Before continuing our tour, we will have some free time to stroll around the district and do a bit of shopping.

• Then we will continue on towards Casa Milà, better known as La Pedrera (literally ‘The Quarry’), one of Gaudí’s last works and the greatest example of Catalan modernism. The building, the last civil work designed by the master architect, is a true triumph of curved lines with undulating faces, chimneys that coil around one another and the magnificent wrought iron railings resembling breaking waves.

• The next masterpiece that we will visit on our tour is Casa Batllò, a residential building enveloped in a surreal atmosphere. We will admire the façade and roof, covered entirely in glistening multi-coloured scales. The extravagant inventiveness of the shapes is inspired by the legend of Saint George (the patron saint of Catalonia) who fought the dragon, alluded to in the sinuosity of the roof, while the rows of balconies and bone-like structures symbolise the victims.

• On our way back to the ship, we will pass through the commercial heart of the historic centre, the famous Plaça de Catalunya and the port area before bringing this magical day to a close.

• Places on this excursion are limited. We recommend booking early.

**Barcelona**

**BARCINO, THE HIDDEN ROMAN CITY**

**Description**

We will travel back through time and discover the remains of the ancient Roman colony of Barcino, the original heart of what is now Barcelona. Traces of its legacy still remain today in the succession of buildings and architectural structures.

**What we will see**

- Gothic Quarter
- Plaça Nova
- Via Laietana
- Barcelona History Museum
- Plaça del Rei underground complex

**What we will do**

- Accompanied by our guide, we will begin our walking tour of what remains of Barcino, the Roman town that was the foundation for modern-day Barcelona. As we stroll through the city, traces of this settlement will take us back in time to over two thousand years ago.
- We will venture into the labyrinth of streets that is the Barrio Gòtic or Gothic Quarter. This district was the heart of political and religious life in the Middle Ages and, even today, its layout is still faithful to the classic Roman Cardo and Decumanus grid structure.
- In Plaça Nova, traces of the Roman settlement abound in a string of architectural delights. We can still see the two semi-circular towers that flanked the gateway to the Decumanus road, as well as sections of the city’s defence walls and the arch of an aqueduct.
- Amidst temple columns and the remains of walls that peep up every now and then, almost casually incorporated into more
modern buildings, we will walk along Via Laietana, which takes its name from the first Iberian population to settle in this region. Built in the early 20th century, it has retained the architectural heritage of the Roman walls.

- A must on our tour of the Roman remains is the **Barcelona History Museum, known as MUHBA**, which has preserved and exhibits Barcelona’s rich historical heritage, from its Roman origins to the modern day.
- The highlight of the tour is the **Plaça del Rei underground complex** where we can admire the remains of an entire district of the Roman city of Barcino, which spans over 4,000 square metres with its narrow passageways.
- Space is limited, so please reserve early.
- This excursion is not recommended for guests with mobility problems.
