In a nutshell

Do you love photography? Share your **unique take** on Marseilles by snapping photos of all the most interesting sights in the city: the Old Port with Notre Dame de la Garde, the ~~Le~~ **Panier** District, the Majeure Cathedral and ~~a~~ a few surprise special effects. Main stops

- Old Port: Ombrière
- Notre Dame de la Garde: view from the Old Port
- 'Le Panier' district Sainte-Marie-Majeure Cathedral: external visit* MuCEM (external visit), Saint-Jean Fort

The programme

Marseilles is one of the most Instagrammable destinations in the Mediterranean, particularly as it is notoriously a #nofilter city.

Start your photo report with a roundup of pictures of the **Old Port**, with the **St-Jean** and **Saint-Nicolas** forts as striking backdrops. At the **Norman Foster Ombrière** you can switch off the special effects: the huge metal canopy alone will **turn your reflection upside down**.

Take a quick snap as you pass by the **Hotel Intercontinental** and then it's into the multicultural, multicolored and multi-inspirational district of **Le Panier**. The **Place des Treize Cantons** was once the site of the hotel where **Casanova** stayed, so a photo here is essential, with the #hot hashtag of course.

If you love street photography, don't miss views like the bowling green in front of the **Majeure Cathedral**, while the port area between **MUCEM** and the **Saint-Jean Fort** is ideal for architectural photography.

Marseilles

THE MARSEILLE OF THE FIVE SENSES

In a nutshell

Marseille is the city of the senses, and this is precisely how it should be explored. Alongside your **exclusive Costa guide**, you can admire the details of the **squares, grand buildings** and **murals**, listen to the tolling of its historic **bells**, which are still intact after all this time, and smell the velvety scent of **soap**, **cutting it with your own hands** in a **dedicated museum**. What more could you want? **A tasting of oil and chocolate** to awaken your palate, of course!

Main stops

- Marseille Soap Museum: internal visit with workshop for making your own soap
- Fort of Saint-Jean; MuCEM museum; church of Accoules: external visits
- Stroll through the city: the Old Port, the squares and alleys of the Le Panier neighborhood
- Chocolate and oil tasting in a historic chocolate store

The programme

- Scents, images, sounds and flavors from all eras: you can only really say you know **Marseille** once you've explored it **with all of your senses as part of an exclusive Costa experience**.
- In the **Soap Museum**, you'll step into the 600 years of artisan history of this Marseille icon, crafted from ultra-pure olive oil. Watch, smell and **then personalize your soap**, shaping the silky mixture with your hands!
- From the **Fort of Saint-Jean** and the **MuCEM** museum, you'll head to the **church of Accoules** dating back to the 11th century, with its historic bell tower. Listen to the chimes of its bells: your **guide** will reveal all the stories associated with them.
- Meanwhile, the **Le Panier neighborhood** is brimming with tales of saints, sinners and... **murals**. Surrounded by the ancient symbols of the square, there is a great red whale, just waiting to be captured on film forever. Did you notice? It carries the entire city on its back.
- At the end, a double treat for your palate awaits: in an **artisan chocolate store**, you'll taste **oils and chocolate from Marseille**, whilst listening to the **anecdotes told by those who really know about the city's traditions**.
- At the end of the tour, you can explore the city on your own, or head back to the ship on the shuttle bus.

AIX-EN-PROVENCE AND MARSEILLE: THE THOUSAND CONTRASTS OF PROVENCE

In a nutshell

It's not a paradox: the very harmony of **Provence** is the fruit of its contrasts. Discover it **as part of an exclusive Costa experience**, soaking up the calm atmosphere of **Aix-En-Provence**, between the **squares**, fountains and the boulevards of **Cours Mirabeau**, where Cézanne and Zola used to spend time. Then, immerse yourself in the rebellious soul of **Marseille** as you take a walk around the old **port**, the **historic neighborhoods** and the painted walls of the **Le Panier** district.

Main stops

- Walk through Aix: cathedral of Saint-Sauveur; Town Hall Square; Place d'Albertas; Place Richelme; Cours Mirabeau; Mazarin district
- Sightseeing bus tour to Marseille
- Free time for lunch
- Walk through Marseille: Old Port; 'Le Panier' district

The programme

- How many nuances and contrasts exist alongside each other in **Provence**? You'll lose count **with your exclusive Costa guide**.
- **Aix-en-Provence** is as elegant as it is enigmatic. Like the **cathedral of Saint-Sauveur**: a bastion of Christianity that supposedly stands on an ancient temple of Apollo.
- Don't be fooled by the romantic tranquility of these streets: revolutionaries used to hide out in the squares of **Place de la Mairie** and **Place d'Albertas**. Meanwhile, **Place Richelme** was where mercantile art came to life. Today, it's street art that takes center stage.
- But the epicenter of all forms of art, both then and now, is **Cours Mirabeau**. Your **guide** will point out its historic bar, where lively 'intellectual meetings' would take place. The best-known of these? Cézanne and Zola, who would come together here over a glass or two!
- For a change of scene, head to **Marseille**, where you'll have some **free time** to taste a few local specialties. From the **port**, make your way through the most vibrant **multi-ethnic neighborhoods**,

and immerse yourself in the colorful murals that adorn the **Le Panier district**, the 'home' of Marseille's artists and poets.

- Wear suitable clothing for the places of worship you will be visiting.
- Slight changes may be made to itineraries and the length of excursions to protect your health and to comply with regulations and the safety protocol.

- On **Cours Mirabeau**, you'll discover that this historic noble street is a showcase of the city's water monuments: the **fountain of the Nine Cannons**, with its nine spouts, the **Moussue** fountain, which is fed by thermal spring water, and the fountain dedicated to **Roi René**, king and art connoisseur.
- And the 'youngest' of them all? Built in 1912, it stands in the heart of the city, in the square of **Place d'Albertás**. Looking at it now, it is impossible to imagine this square without it!
- Fresh water gushes from the **Bagniers fountain**, from which boiling thermal waters once emerged. Take a look at the face on its medallion: your **guide** will tell you that it is a portrait of a master impressionist, who was born here.
- And from the pediments dedicated to the rivers on the **clock tower** to the ancient baptismal font in the **Cathedral**, save your last farewell for the **fountain of the Rotonda**, with its **Three Graces**, symbols of city life.
- In order to guarantee the health of our guests, in compliance with the regulations and the respect of the safety protocol, the itineraries and the duration of the excursions may be subject to changes, even if not substantial.

NATURE BECOMES ART IN GAUDI'S BARCELONA

In a nutshell

Thanks to the genius of Gaudi, a forest, a mountain and the Mediterranean Sea have sprung up in the center of **Barcelona**. Don't believe it? With an **exclusive Costa guide**, discover how the artist transformed **glimpses of Catalan nature into works of art**, as you wander between the tree-columns of the **Sagrada Família**, under the caves and snowy peaks of **Casa Milà** and through the shapes of **Casa Batlló**.

Main stops

- Sagrada Família: Nativity and Passion facades; internal visit
- Casa Milà: external visit
- Walking tour on the Passeig de Gràcia
- Casa Batlló: panoramic visit

The programme

- Your plunge into nature reinterpreted as art by **Gaudí** can only begin at the **Sagrada Família**, his greatest masterpiece.
- What does it remind you of? Your **exclusive Costa guide** has the answer: it's a forest that has been growing for nearly 100 years.
- Take a closer look: do you see the animals on the **Nativity facade**? Chameleons and doves in flight, but also two enormous turtles, symbols of land and sea.

- Inside, the illusion continues: the **columns are like tall trees** with branches that are intertwined with the sculpted faces, while the **colors of the windows evoke those of sunrise and sunset**. It is Gaudí's homage to the views from the mountain of Montserrat, and in the Salnitre cave.
- As you move to a different area of the city, the natural scenery changes with you. At **Casa Milà**, you'll find yourself in front of a mountain range with cave-like windows, iron decorations that look like brambles, and a roof as white as the snowy peaks. This is why the people of Barcelona call it 'La Pedrera', or the quarry!
- If you're missing the sea, you'll find it on the facade of **Casa Batllò**, whose colors and sinuous lines echo the waves of the Mediterranean. Meanwhile, snoozing on the roof you'll find...well, you tell us!
- This is one of the most popular excursions so book early.
- Wear suitable clothing for the places of worship you will be visiting.
- Slight changes may be made to itineraries and the length of excursions in order to safeguard your health and comply with regulations and the safety protocol.

Barcelona

SUPER BARCELONA

In a nutshell

Costa introduces **a new way to explore the city**: a new experience **offering the same quality, safety and duration as always**, now **reserved for small groups** so as to best discover all the secrets of the city. A multi-sensory experience to discover the Catalan capital among its most authentic examples of architecture and traditional flavours. A complete journey into Gaudí's Barcelona to admire its lively spirit and pulsing essence.

Main stops

- Hospital de la Santa Creu i Sant Pau
- Sagrada Família (external visit)
- Tapas lunch in a typical local restaurant
- Casa Vicens
- Casa Milà (photostop)
- Barrio Gótico
- Cathedral of the Holy Cross and Saint Eulalia

The programme

- We leave the port behind us and head towards the Eixample district, where we begin by visiting an extraordinary UNESCO World Heritage Site: the **Hospital de la Santa Creu i Sant Pau**, a complex of monumental buildings connected via underground passages and enchanting gardens boasting numerous sculptures featuring symbolic details. It is one of the most unusual and lesser known of Barcelona's marvels created by architect Domènec i Montaner.
- We continue with the **Sagrada Família** to admire its façades, doors and towers. The vastness of the design and its unique style have made Gaudí's unfinished project the most iconic in the city.
- We have lunch in a **typical restaurant** where we can savour **a few Iberian specialities** including *patatas bravas*, *ensaladilla rusa*, *corquetas*, *buñuelos* and *pulpo*... All these traditional delicacies cater to our palate's every whim and perfect to nibble and share *para compartir*, just the way the Spaniards do!
- After refuelling, we continue towards **Casa Vicens**, the first important project commissioned to Gaudí. Declared a UNESCO World Heritage Site in 2005, the modernist building combines Gothic, Mediterranean and Islamic elements while expressing the amateurish yet already unique style of the artist, who was looking for a *Gothic building full of light, which made use of colour; a Gothic that was half maritime, half continental*.
- Our excursion continues with a stop for photos at one of Gaudí's most famous works of art: **Casa Milà**. This monumental, eccentric and futuristic building – also known as *La Pedrera* * enabled the

architect to break with all of the architectural rules of the time thereby sparking the rage of the municipal authorities and attracting the criticism of his colleagues while, at the same time, managing to create what went down in history as one of the most representative examples of his naturalist period and modernism in general.

- We then move on to the splendid **Barrio Gótico**, the historic city centre and vibrant hub of the Catalan capital. We take in this open-air museum and let ourselves be conquered by the timeless atmosphere which envelops its maze of alleyways.
- The central element of the Barrio Gótico and the maximum representation of the style the district is named after is Barcelona Cathedral, i.e. **Cathedral of the Holy Cross and Saint Eulalia**. With its stained glass windows and statues characterized by a more expressive and angular naturalism, it perfectly incarnates the archetype of Gothic architecture whose features inevitably invite observers to lift their gaze upwards and admire its beauty in its entirety.
- Our tour has come to an end but, before returning to the ship, we enjoy some **free time** to do a spot of shopping or stroll around the city centre while we remind ourselves of the incredible experience that has enabled us to fully experience this dynamic city.
- We recommend that you book early as only a limited number of places are available.

Naples THE ROYAL PALACE OF CASERTA

In a nutshell One of the most visited sites in the world and a UNESCO World Heritage site. With such credentials the Royal Palace of Caserta (Reggia di Caserta) does not fall short of expectations.

Main stops

- Royal Palace of Caserta and its inner room
- Park of the Royal Palace of Caserta (Free time in the gardens in front of the Royal Palace)
- Grand Cascade

The programme

- We leave the Port of Naples by coach and head for Caserta and its splendid Royal Palace.
- The **Royal Palace of Caserta**, which was once the historic residence of Naples' Bourbon royal family, is recognised by UNESCO as a World Heritage Site. It is one of the most visited, and renowned examples of Italy's rich artistic heritage. The Bourbon King Charles of Naples, struck by the beauty of the landscape at Caserta and anxious that Naples have a worthy seat of government, decided in 1750 to build a residence that could compare with Versailles.
- Construction started on 20 January 1752 and continued without any interruption until 1759, the year when Charles had to move to Spain. At that point construction work slowed down and when the architect, Luigi Vanvitelli, died in 1773 the palace had not yet been completed. It was therefore his

children, Louis and Charles who completed this monumental palace. The palace has a rectangular plan and is made up of blocks surrounding four internal courtyards, covering a surface area of approximately 47,000 square metres.

- The Royal Palace is surrounded by extensive **grounds** that are three kilometres long and cover approximately 120 hectares. They comprise two sections: the Italian garden and the English garden, the former characterized by various fountains and the famous **Grand Cascade**, and the latter by thick vegetation.
- The Royal Palace of Caserta is considered a masterpiece of architectural perfection and harmony. One of the largest royal residences in the world, it is largely the product of the artistic genius of Luigi Vanvitelli.
- Places on this excursion are limited. We recommend booking early.
- We recommend wearing comfortable shoes.
