AIX-EN-PROVENCE AND MARSEILLE: THE TWO SOULS OF PROVENCE

In a nutshell

Experience the perfect contrast between the refinement of Aix-en-Provence and the pulsating energy of Marseille. Begin your day in Aix, among elegant squares, monumental fountains and literary cafés, following in the footsteps of Cézanne and Zola. Then change pace and scenery and let yourself be swept away by the vitality of Marseille's Vieux Port, among crowded markets, colorful alleys and Mediterranean flavors.

Main stops

- Walk through Aix: cathedral of Saint-Sauveur; Town Hall Square; Place d'Albertas; Place Richelme; Cours Mirabeau; Mazarin district
- Sightseeing bus tour to Marseille
- Free time for lunch
- Walk through Marseille: Old Port

The programme

- How many nuances and contrasts exist alongside each other in **Provence**? You'll lose count **with your exclusive Costa guide**.
- **Aix-en-Provence** is as elegant as it is enigmatic. Like the **cathedral of Saint-Sauveur**: a bastion of Christianity that supposedly stands on an ancient temple of Apollo.
- Don't be fooled by the romantic tranquility of these streets: revolutionaries used to hide out in the squares of **Place de la Mairie** and **Place d'Albertas**. Meanwhile, **Place Richelme** was where mercantile art came to life. Today, it's street art that takes center stage.
- But the epicenter of all forms of art, both then and now, is **Cours Mirabeau**. Your **guide** will point out its historic bar, where lively "intellectual meetings" would take place. The best-known of these? Cézanne and Zola, who would come together here over a glass or two!
- For a change of scene, head to **Marseille**, where you'll have some **free time** to taste a few local specialties. From the **port**, make your way through the most vibrant **multi-ethnic neighborhoods**.
- Wear suitable clothing for the places of worship you will be visiting.

ON THE SEARCH FOR FOUNTAINS IN AIX-EN-PROVENCE

In a nutshell

Immerse yourself in the charm of **Aix-en-Provence**, the "city of fountains". **Step after step**, you'll discover these magnificent **sources of fresh water**, just waiting to reveal the stories and characters of Provence who made this place great. Among the **stately mansions**, **the streets of artists**, the **squares** and the **cathedrals**, during this **exclusive Costa experience** you'll soon see that everything here is linked to the water, **the blue gold of the city**

Main stops

- Mazarin district: fountain of the Four Dolphins
- Cours Mirabeau: the fountain of the Nine Cannons, the Moussue fountain, the Roi René fountain
- Central fountain in the Place d'Albertás square
- Bagniers fountain
- Place de l'Hôtel de Ville square: town hall, clock tower, fountain
- Saint-Sauveur cathedral: internal visit
- Rotonda fountain

The programme

- An **exclusive Costa guide** will narrate the history of **Aix-en-Provence** and its **monumental fountains** to you, helping you slot all the pieces together.
- The first fountain you'll come across is that of the **Four Dolphins**, in the **Mazzarino district**. It's no coincidence that it is dedicated to the son of Louis XIV, also known as the "dauphin of France".
- On **Cours Mirabeau**, you'll discover that this historic noble street is a showcase of the city's water monuments: the **fountain of the Nine Cannons**, with its nine spouts, the **Moussue** fountain, which is fed by thermal spring water, and the fountain dedicated to **Roi René**, king and art connoisseur.
- And the "youngest" of them all? Built in 1912, it stands in the heart of the city, in the square of **Place d'Albertás**. Looking at it now, it is impossible to imagine this square without it!
- Fresh water gushes from the **Bagniers fountain**, from which boiling thermal waters once emerged. Take a look at the face on its medallion: your **guide** will tell you that it is a portrait of a master impressionist, who was born here.
- And from the pediments dedicated to the rivers on the **clock tower** to the ancient baptismal font in the **Cathedral**, save your last farewell for the **fountain of the Rotonda**, with its **Three Graces**, symbols of city life.
- In order to guarantee the health of our guests, in compliance with the regulations and the respect

Half of the area is a **nature reserve** surrounding the Rhone River, and here you can explore its marshes, ponds and reed beds at the **Pont de Gau Ornithological Park**: a **UNESCO world heritage site** which **hosts and protects more than 200 bird species**.

A **local guide** will introduce you to their habits: **herons** and **egrets** make their nests among the trees, whereas gulls prefer the islands, but the real stars are the **pink flamingos**, masters of the courtship dance.

Then you'll head to Arles, a captivating city with a great many relics of its rich past: originally Celtic, the city was conquered by the Gauls and later by the Romans, and in medieval times it was a major

political and economic centre. A pleasant stroll in the historic town centre will give you the opportunity to admire some of the most important monuments, from the ancient amphitheatre to the cathedral, which is a masterpiece of Romanesque art.

It is said that Mary Magdalene also passed through here: you'll find out for yourself as you step into the 9th century **fortified Roman church**, before strolling through the **narrow streets**, among **typical restaurants** and **artisan boutiques** that feel like they're from another era.

ALL OF MARSEILLE: FROM THE PALAIS DU PHARO TO THE VIEUX PORT

In a nutshell

Marseille welcomes you with three of its most iconic landscapes: **the Corniche** running alongside the sea, the **Palais du Pharo** looking out over the harbor, and the **Vieux Port**, the city's authentic heart. A relaxing tour that takes in spectacular views, photo stops and a wander through the city's liveliest neighborhood. A little free time at the end ensures that you can enjoy it to the full: a coffee by the port, a stroll along the quays, or simply the sea stretching out before you. This is where Marseille really shows its true colors: straightforward, Mediterranean, irresistible.

Main stops

- Sightseeing bus tour along the Corniche
- Photo stop at the Palais du Pharo
- Guided walking tour of the Old Port
- Free time to spend as you like, among the cafés, shops and views of the port

The programme

Marseille welcomes you in the way that only a large city by the sea really can: with bright light, grand

OCEAN CRUISES

buildings overlooking the water and a coastline that seems designed to be admired in motion.

The tour begins by bus, letting **the Corniche** take the lead: this picturesque road winds its way between the open sea and elegant villas, with its long wall following the curve of the water for almost three kilometers. From here, the islands in the distance seem to hang suspended in the air, and every bend in the road offers a new perspective on the city.

As you head up towards the upper part of the bay, you'll come to the **Palais du Pharo**, one of Marseille's most famous panoramic points. Built on the orders of Napoleon III, today it is the perfect place to pause for a moment and watch the city go about its daily business. Amongst the gardens, palm trees swaying in the breeze and terraces overlooking the blue sea, this is the view that makes anyone who comes here fall in love: the **Vieux Port** opening up like an amphitheater over the sea; the quays that frame the bay; the boats lined up with almost painterly precision.

Then, the bus will take you there, right into the heart of the city: **the Vieux Port**. Your guide will take you on a walking tour along the seafront, the Cours Estienne d'Orves and the narrow streets that once surrounded the old canal. So picturesque that it is often referred to as **Little Venice**. Today, the atmosphere is that of a bustling neighborhood, brimming with bars, shops, Provençal-style facades and that unique blend of scents and voices that only Marseille can offer.

Finally, finish up with some **free time**. Stop off at a café overlooking the port, browse the little shops and markets, or simply sit by the water and watch the traditional Provençal boats moving gently on their moorings.

Marseille leaves you with that feeling that only real cities can give you: a Mediterranean energy that stays with you, even once you're back on board the ship.

FROM THE SAGRADA FAMILIA TO CASA MILÀ: GAUDÍ AND NATURE

In a nutshell

Thanks to the genius of Gaudi, a forest, a mountain and the Mediterranean Sea have sprung up in the center of **Barcelona**. Don't believe it? With an **exclusive Costa guide**, discover how the artist transformed **glimpses of Catalan nature into works of art**, as you wander between the tree-columns of the **Sagrada Família**, under the caves and snowy peaks of **Casa Milà** and through the shapes of **Casa Batlló**.

Main stops

- Sagrada Família: Nativity and Passion facades; internal visit
- Casa Milà: external visit
- Walking tour on the Passeig de Gràcia
- Casa Batlló: panoramic visit

The programme

- Your plunge into nature reinterpreted as art by **Gaudí** can only begin at the **Sagrada Família**, his greatest masterpiece.
- What does it remind you of? Your **exclusive Costa guide** has the answer: it's a forest that has been growing for nearly 100 years.
- Take a closer look: do you see the animals on the **Nativity facade**? Chameleons and doves in flight, but also two enormous turtles, symbols of land and sea.
- Inside, the illusion continues: the **columns are like tall trees** with branches that are intertwined with the sculpted faces, while the **colors of the windows evoke those of sunrise and sunset**. It is Gaudí's homage to the views from the mountain of Montserrat, and in the Salnitre cave.
- As you move to a different area of the city, the natural scenery changes with you. At **Casa Milà**, you'll find yourself in front of a mountain range with cave-like windows, iron decorations that look like brambles, and a roof as white as the snowy peaks. This is why the people of Barcelona call it "La Pedrera", or the quarry!
- If you're missing the sea, you'll find it on the facade of **Casa Batlló**, whose colors and sinuous lines echo the waves of the Mediterranean. Meanwhile, snoozing on the roof you'll find...well, you tell us!
- This is one of the most popular excursions so book early.
- Wear suitable clothing for the places of worship you will be visiting.

Barcelona **FROM PARC GÜELL TO LA PEDRERA: GAUDÍ IN COLOR**

In a nutshell

Discover Gaudí's most fairytale side in a journey through sinuous forms, sparkling mosaics and visionary architecture. Walk through the colors of Parc Güell, among giant salamanders and forests of columns, and be amazed by La Pedrera, the building carved by the wind that represents the highest expression of Catalan modernism.

Main stops

- Sagrada Família: external visit
- District of Eixample
- La Pedrera

The programme

- The best gateway into the world of Gaudí is **Parc Güell**, with all its curves and colors, designed at the beginning of the last century. - But that's only the beginning. In the Eixample district is the church of the **Sagrada Família**, a gigantic building with an open construction site that is **constantly evolving**, as even today, decades later, expert craftsmen are still following the designs left by the master.
- **Casa Milà**, on the other hand, better known as **La Pedrera** is the master's most mature work and is considered the greatest example of Catalan Modernism. It's a great photo opportunity with its **undulating façades**, chimneys that wrap around themselves and **original cast iron railings** that evoke **breaking waves**.

COLONIA GUELL, SAGRADA FAMILIA AND HOSPITAL SANT PAU: THREE MODERNISM MASTERPIECES

In a nutshell

Discover three unique masterpieces that express the genius of Gaudí and Catalan Modernism. Visit the incredible Cripta di Colònia Güell, the melting pot of ideas that led to the creation of the Sagrada Família. Admire the most iconic basilica in Barcelona and finish your journey into the world of art at the majestic Hospital de Sant Pau, one of the city's UNESCO gems.

Main stops

- Colònia Güell and Gaudí's Crypt.
- Sagrada Família (external visit).
- Free time for lunch.
- Hospital de Sant Pau.

The programme

We'll set off from the port of Barcelona: our first stop is Colònia Güell, a fascinating industrial village which seems to maintain all the atmosphere of the 19th century. You'll wander past its Modernist buildings, which combine the simplicity of popular Catalan architecture with bold experimental elements in iron and ceramic. Gaudí's Crypt is the beating heart of this hidden corner of Barcelona. Here, every curve and every corner will help you understand right from the start that for Gaudí, architecture was not just about form * it was also a journey into the imagination.

And then, the Sagrada Família: get ready to be amazed. It's not just a basilica, it's a real work of art that defies the laws of time and logic. The Sagrada Família is proof that Gaudí pushed architecture beyond any known boundary. Your guide will accompany you through the history and meaning of the facades of this iconic monument.

You'll have a bit of free time for lunch, to digest what you've just seen (or just to eat, which is also necessary sometimes...) After, we'll head off to see another masterpiece: the Hospital de Sant Pau. And if you thought that hospitals were all white rooms and sterile corridors, get ready to think again, and to get lost among the play of light created by its windows.

Our tour will finish at the port, but no doubt you'll be leaving Barcelona without a new sense of architectural beauty.

- **The route leaves from the Chinyero Nature Reserve**, and the volcano of the same name is the first you will see on this adventure: standing at a height of **1,560 meters**, it has been **silent since 1909**, the year of its last eruption.
- **According to legend**, when the lava was about to reach the city of Santiago del Teide, the inhabitants carried a sacred icon on a procession, and managed to stop the flow!
- **Explore the surroundings of this giant while your guide explains everything there is to know** about its history and the flora and fauna that surround it.
- As you proceed step after step, you'll find yourself in front of another of the island's giants: **the Garachico volcano**. When it **erupted in 1706**, it destroyed the village of the same name and its port, but where the lava and the ocean met, spectacular **natural pools** were formed. You can admire and photograph these from the **Garachico viewpoint**.
- Of course, all this exploring might work up an appetite...**so halfway through the walk, recharge your batteries with a picnic** of Canarian-style chicken sandwiches, before continuing your "volcanic" hike.
- Wear hiking shoes and clothing suitable for the trail, without forgetting a windproof jacket and a waterproof, a hat and suncream.
- The ring trek is about 10 km long.
